## STATE SEEMS TO BE IN DOUBT IN THE RACE FOR GOVERNOR

Birkhead and Ringo Are Defeated in the Sixth Judicial District.

A. C. Porter, Democrat, Surmounts Big Republican Majority and Wins Out For Office of Circuit Court Clerk.

## OHIO COUNTY'S VOTE FOR FOUR IMPORTANT OFFICES

The election in Ohio county passed off quietly yesterday and an unusually large vote was polled. Intense interest prevailed and the streets were crowded with people all day and up until ten o'clock at night, when the vote in the county was practically known and summed up. Perhaps the most remarkable race ever run in this county was that of Messrs. A. C. Porter, Democrat, and Wallace Riley, Republican, for the office of Circuit Court Clerk. Surmounting a Republican general majority of over seven hundred, with the precincts heard from, Mr. Porter wins out by a majority of twenty-seven. Talking to a group of friends in The Herald office last night, Mr. Porter very modestly said that he took none of the credit to himself but accorded all honors to his friends who had so faithfully stood by him. He was repleated that it took some worthy personality for a man to command so many friends, but in a manly way he still contended that his friends deserved the credit, adding that he would do everything in his power to maintain their friendship and that his appreciation of their efforts in his behalf was beyond words to express. In this Judicial District Judge Birkhead and Commonwealth's Attorney Ringo are defeated for reelection by a majority of about 750. Evidently these gentlemen were heavily "scratched" in the voting. At the hour of going to press

(midnight) the vote in the State in the race for Governor was undecided, but indications pointed to the defeat of Mr. Stanley. Sixty counties outside of Louisville and Jefferson county gave Stanley a total vote of 64,000 and Morrow 58,000. Louisville gave Stanley a majority of 4,000. These returns were from the Western and Middle portion of the State. The eastern portion was yet to be heard from. All the Democratic Circuit Judges in the Louisville District were elected.

Davies was the only county in this Judicial District to go Democratic by a bare majority of 156. McLean and Hancock counties both went Republican by majorities of 110 and 102 respectively.

The following figures are for Governor, Circuit Judge, Commonwealth's Attorney and Circuit Clerk, and show the respective majorities: Ohio County.

|                   |       |
|-------------------|-------|
| Morrow            | 2,944 |
| Stanley           | 2,238 |
| Morrow's majority | 706   |
| Slack             | 3,052 |
| Birkhead          | 2,396 |
| Slack's majority  | 656   |
| Smith             | 3,051 |
| Ringo             | 2,350 |
| Smith's majority  | 701   |
| A. C. Porter      | 2,706 |
| Wallace Riley     | 2,679 |
| Porter's majority | 27    |

## LONDON NOW DARK AS THE HOLE OF CALCUTTA

Theaters and Restaurants Are Most Seriously Affected By "Lights Out" Order.

London, Nov. 1.—London has not been so dark at night since the regency—thanks to Count Zeppelin. The dinnerman gloom is strangely appropriate to the spirit of the hour, which is one of depression. I must repeat over and over again that your average John Bull still does not hold the loss of the war as thinkable. He keeps on telling you that England has not even yet got into her full stride. But he admits that things are not going any too well, and he is far less inclined to jump on the Disraeli Jimmies (war slang for pessimists) than he used to be. London after 6 p. m. these startle autumn nights is almost as impenetrably black as the hole of Calcutta. One dreads to think what the old town will look like soon when the fogs are due. The new "lights-out" orders came into effect recently. Thousands of street lamps were snuffed out, shop windows made still darker, untransparent sheeting put up in every flat and house window, automobiles had to mask their lights more than ever, omnibuses travel as "blind" as possible, and any and everything capable of shedding a gleam effectually "doused." If people navigated in sedan chairs borne by torchbearers waving flambeaux, it would be perfectly easy to imagine yourself back in pre-Victorian days. As it is, they are almost "afraid to go home" in the dark. "Lights out" is working tremendous silent revolution in London's everyday, or, rather, overnight, life. The theaters and restaurants are seriously affected, because when people go home from town in the late afternoon or early evening they stay there. The other night at "Kick in,"

which has been one of the biggest successes of the year, I found the vaudeville theater only a little more than half full. Vehicular traffic, even for the skilled drivers of London taxis and buses, has become fraught with the gravest dangers. Any number of cabs have already disappeared from the streets and the bus company is reducing its night service by fifty per cent. Mathews will, probably, before long, take the place of evening shows at the playhouses and music halls, as the "lights-out" order has convinced even the most imperturbable Londoner that, however much he is inclined to scoff at the Zeppelin peril, the authorities consider it a very real proposition.

**Special Notice**  
To Sunday School Superintendents of all denominations of Ohio county. Don't fail to meet at Hartford, Ky., on Friday, Nov. 12th. This meeting is for a very special purpose which will be made known on the day of the meeting. If your Sunday School has gone into winter quarters we want you to come. If you were the superintendent. This meeting will be at the Baptist church at 10 a. m. J. D. BAUGH.

**Expires At 110 Years.**  
Baltimore, Md., Oct. 30.—C. L. Dobbinskey, oldest inmate of the Hebrew Home for incurables here, and believed to be close to 110 years of age died at the institution today. He was born in Russia.

## BIG RUSSIAN DRIVE IN EARLY SPRING PLANNED

New York, Oct. 30.—More than 3,000,000 Japanese-made rifles, with sufficient ammunition for an extended campaign, have been received by Russia during the last three months, according to Albert H. Thayer, of Cincinnati, O., who arrived here today on the steamship Frederick VII. from Copenhagen. In addition about 500 trained Japanese officers are engaged in instructing Russian artillerymen in the use of new high powered guns. Mr. Thayer also said that all large fac-

ories in Russia, including several purchased from American interests, are engaged in turning out munitions in preparation for a big drive that is expected to begin in the early spring.

**HARVETT'S FERRY.**  
Nov. 1.—Mr. Gabon Geetry, who has been seriously ill of stomach trouble, is very much better.

Mr. J. P. Harl, merchant of whose illness was made recently, is no longer at the present writing.

A few from here attended the School Fair at Fordsville Saturday. They report it a success. There would have been a much larger crowd had not the report that there were several cases of diphtheria and scarlet fever in Fordsville, been circulated.

Quite a number from here attended the singing convention at Marvin's Chapel yesterday.

A box supper was given at Tindale last Friday night for the benefit of the school. It was a success. Mr. Ira Day is teacher at that place.

Mr. Palmer Lloyd, who has been traveling salesman for a company in Moline, Ill., for some time, spent about a month with his parents here recently.

Mr. J. P. Lloyd and family are visiting relatives in Indiana.

## MORE WAR ATROCITIES— CORSETS ARE CONTRABAND

Berlin, Nov. 1.—A Dutch correspondent reports to the German trade paper, *Der Konfektionier*, that the French government has prohibited the export of corsets to all neutral countries from which they might reach Germany.

The order issued by the French authorities states that the corsets contain metal and must therefore be considered contraband.

This raised the puzzling question: What shall be done to a neutral ship if one of the neutral or German woman passengers is found wearing corsets? Is such a vessel subject to capture?

## 70-YEAR-OLD MAN WINS FIRST PRIZE READING

In Clay county the first prize for reading was won by a man 76 years old, and the second prize for reading was won by a woman 65 years old.

These "youthful" students began to learn to read during the summer "moonlight school" this year.

Some of the teachers report that there are as many as 60 pupils each in the "moonlight schools" of their counties, and all of them literate, who are learning to read and write.

Prizes have been offered by the School Trustees in McCrory and Leslie counties for the teacher securing the largest number of pupils in the school.

## LINCOLN'S SCHOOL BOOK BRINGS \$210 AT SALE

New York, Oct. 30.—Abraham Lincoln's book of examples in arithmetic which he used as a schoolboy about 1824, when he was 15 years old, brought \$240 at a sale from the library of John C. Burton, of Milwaukee, which is being conducted here. Another book on examples in compound interest sold for \$115. Court papers filed by Lincoln and in his handwriting brought from \$85 to \$110. A poster advertising a speech by Lincoln in favor of Harrison and Tyler, at Alto, Ill., in 1840, sold for \$210.

## Tearing the Gospel To Pieces.

A native copier was recently distributing copies of the gospels among the troops of Italy. He had an experience that strikingly shows the fact that opposition to the truth often turns out to its furtherance. He says: "A soldier whom I knew to be a priest and to whom I had given a Gospel of John, tore it to pieces, scattering the leaves in the air. I protested politely, saying that if it did not please him he should have returned it. I collected the scattered pages from the ground and one by one distributed them to those present, begging that they read them to see if there was anything bad in them. All began to read, some in groups of five or ten (there were 200 soldiers present,) and I talked with them. Then a wonderful thing happened. One by one, upon finishing their reading, they came begging me for the whole book, that they might continue. The result was that I did not have enough gospels to go round."

The dyspeptic who wines and dines really does more whining than dining.

## CALL MEETINGS OF COMMITTEES

To Select Cities For National Conventions.

## CONFERENCES IN WASHINGTON

December 7 For Democrats and December 14 For the Republicans.

## MUCH INTEREST IN BIG RACE

New York, Oct. 29.—Chairman of both the Democratic and Republican National Committees to-night issued calls for meetings in Washington to select cities for the coming National Conventions. The Democrats will meet on December 7 and the Republicans December 14.

William F. McCombs, chairman of the Democratic National Committee, announced that the committee would meet at the New Willard Hotel in Washington.

Chicago, St. Louis and Dallas, Tex., have applied for the Democratic convention. The two first named have offered to meet all of the expense of the National Committee. Dallas has offered the use of an auditorium and a loan of \$100,000.

In some quarters there is sentiment in favor of putting New York into the contest, but as yet no formal application has been filed by representatives of this city. It has been more than fifty years since a national convention was held here.

The date for the meeting of the committee was set after Mr. McCombs had conferred with President Wilson by telephone. The date was agreeable to the President, Mr. McCombs said. The chairman also issued a statement saying that he regarded the date as appropriate inasmuch as it would come in the first week of a new Democratic Congress.

In addition to naming a convention city, the committee will decide all contests regarding membership of the committee and devise ways and means for raising money for the conduct of the campaign both before and after the convention. At present there are only two contests in sight, one from Kentucky and the other from Oregon.

In addition to issuing this call Chairman Hilges, of the Republican National Committee, set forth the probable line of campaign to be followed by his party. It will include: An attack on the Democratic tariff. Criticism of the Administration's handling of the affairs of Europe and Mexico. Charges that Democracy has failed to keep its promise of an economical Administration and has failed to keep its 1912 platform pledges, including the declaration in favor of a single term for the President.

Attacks on the Administration's Government Ship Bill and other Administration measures.

Mr. Hilges declared that there was no lack of interest in the Presidential race. Active organizations, he said, are in the field for Senators Burton, Weeks, Cummings, Borah Smith and Sherman. Others who have strong followings, he said, are Justice Hughes, Elihu Root, Philander C. Knox, Charles Warren Fairbanks and Gov. Brimingham, of Pennsylvania. He also added that he had positive assurance that former President William Howard Taft will not consider another nomination for the Presidency.

Besides selecting a convention city the Republicans will arrange for the appointment of various subcommittees and make other arrangements for the campaign.

## CITY SPENT \$1,500,000 TO WIPE OUT ITS RATS

New Orleans, Nov. 1.—More than 74,500,000 has been expended in the last year in an effort to make New Orleans rat-proof and prevent the reappearance of bubonic plague, according to an announcement made here today by Dr. H. H. Croel, of the United States Public Health Service, in charge of the work. Seventy-four thousand, five hundred and twenty-six buildings have been made rat-proof, about 7,000 not considered worth repairing by the owners have been demolished and work is progressing on 33,301 others. Approximately 37,000 buildings still are to be made rat-proof.

Citizens of New Orleans have expended approximately \$1,861,000 on their property, while the Federal, State and city governments have spent more than \$600,000 in the campaign.

LEAPS OVER TORPEDO AND RAISES SUBMARINE.  
New York, Oct. 30.—Decorated with a distinguished service medal by King George V. for valor and cited 35,500 by the British Admiralty for standing into and sinking the best German submarine lost in the war, Captain J. W. Bell, of the British steamship *Rio*, largest, is in New York at present and soon will steam for South America.

Captain Bell said that on February 28 he was in command of the *Thordis*, a steamship of 1,600 tons, proceeding to an English port. He was off *Tracy Head*, the scene of many submarine torpedoings and was approaching two British transports, when he saw the periscope of a submarine. At the same moment he saw a torpedo coming through the water aimed full at his steamship.

"I signaled to the engineer to give her a good kick," said Captain Bell, referring to his imperative order for full speed. The seas were very rough and the *Thordis* leaped high, while the torpedo held its own level. As a result the *Thordis* actually went over the torpedo between seas.

"I turned and steered straight at the submarine, the bow of the *Thordis* striking the *U-boat* amidships. I knew we struck her, for I saw the debris fly up around our bow. The impact broke two of the bow plates of the *Thordis* and two of her propeller blades."

## BATTLE FRONT IS "NAMELESS HELL"

Sheets Of Lead Poured Into French.

A CURTAIN OF LIVID FLAME

Checks Advance — Teutons Line Breaks As Men Rush Through Smoke.

MAU HAND-TO-HAND FIGHTING

Paris, Oct. 30.—Details of the furious attacks made recently by the Crown Prince's armies in the Argonne were given today by an officer wounded there.

"The German artillery began to bombard our trenches at 3 a. m. with high explosives first, and then shells of all calibers were showered uninterruptedly on us," he said.

"Our artillery replied, but with little effect. The German guns were so numerous that our batteries began to melt away, and one by one we were in some places, left.

"Earth dashed over us, covering one even in a gray mantle, but they did not bunch under the terrible punishment, for aerial torpedoes were soon added to the other projectiles.

"Then abruptly the guns stopped, and from the German trenches gushed a liquid fire of a new kind. It was a mixture of tar and petrol jets, being directed so as to form two walls of fire with a space between which was soon filled up with smoke. The heat was unbearable. The men stood their ground. Suddenly German infantrymen leaped up in the smoke between the walls of fire. We poured sheets of lead on them from rifles and machine guns, but for every one down two more came.

"Slowly the human wave reached the trench, and bloody hand-to-hand fighting followed in the dense smoke. We had to fall back to save ourselves from being buried by the masses of the enemy.

"Meanwhile our reserves had dashed forward, prodding by a fall in the shelling, but they were brought up short by a curtain of fire and shells which gave off a blue vapor. They put on respirators, but they had no effect; they were being subjected to the 'tear' shells. Nothing daunted, with streaming eyes, holding their breath, they dashed through the blue clouds, and fell in serious masses on the Germans, who were quite unprepared for them.

"The enemy line wavered and then gave way. Our artillery prevented supports from coming to their aid, and, after twenty-four hours' fighting, they returned to their trenches, only one or two hundred yards from our trenches."

"The enemy line wavered and then gave way. Our artillery prevented supports from coming to their aid, and, after twenty-four hours' fighting, they returned to their trenches, only one or two hundred yards from our trenches."

## KENTUCKY WOMAN DEvised A WAY

To Protect Her Rights In  
Land Matters.

SHE APPEALED TO PRESIDENT  
And It Wasn't Long Before  
She Got the Relief  
Prayed For.

A MULLENBERG COUNTY CASE.

(By Cleburn E. Gregory.)  
That President Woodrow Wilson is a man with a heart is vouched for by Mrs. Robert F. Stone, a resident of the vicinity of Nelson, a small farming town in Muhlenberg county, Kentucky. Mrs. Stone's experience with the President is unique and interesting.

One hundred and fifty years ago Christopher Greenup, Kentucky's thirteenth Governor, granted to David Imbley 300 acres of land, the tract embracing the present site of the town of Nelson. Upon this grant Mr. Imbley erected a house which still stands, a monument to the abundance of early day material and the honesty of early day labor. The first story is constructed of black walnut logs, and the second story is yellow poplar, the weatherboarding being whiplashed and averaging an inch in thickness. The interior is paneled with wild cherry and red gum, some of the planks being twenty-eight inches wide. Near at hand is a barn built of black walnut, the logs hewed to twelve by twenty-four inches and thirty-five feet in length. All about are walnut and mulberry rails, originally forming a stockade to prevent stock being stampeded by the Indians.

For a time Mr. Imbley occupied this home contentedly, enjoying abundant fresh air and freedom. Then other pioneers came along and "muddled the waters." When perhaps a dozen families had settled within a radius of twenty miles, Mr. Imbley announced that he felt crowded and sought an open country. He hitched twelve mules to a covered wagon and made his way to Oregon, disposing of his land grant to a neighbor for a very small sum. The tract passed from one owner to another, being divided and subdivided, until that portion on which the old home was located became the property of Mrs. Robert F. Stone.

Mrs. Stone and her husband farmed the property, making a comfortable living, for a number of years. Two children arrived to make their beside happier. Then one day for some reason an overcharged pop bottle burst in the hands of Mr. Stone, destroying one of his eyes and rendering the other practically useless. The support of the family devolved upon Mrs. Stone, and she arose to the task heroically. By selling milk, eggs, butter and garden truck she was able to keep the wolf from the door, but the work was more onerous, and in time another baby arrived to be provided for.

In the subdivision of the Imbley land, a half-mile tract lying between the house and public road had been sold to other parties, and one day Mrs. Stone found her egress to market fenced up. She protested to the neighbor who owned the strip, and was informed that a new road had been provided over another route. As Mrs. Stone expressed it:

"It would have taken a mighty good goat to climb out of the gullies in the new lane laid out," so she was not satisfied.

She set her very original thinking-cap to work.

Facing such a dilemma, most women would have no more thought of appealing to the President of the United States than they would think of asking the Emperor of all the Germans why the old bridle cow didn't come up, but, as has been said, Mrs. Stone was original.

"I didn't know what to do," said Mrs. Stone. "We depended on our marketing for a living, but I reasoned that we had good men in power and that they would help me, and they did. I thank them for their aid and sympathy."

Mrs. Stone took her pen in hand and placed the entire matter before President Wilson—absorbed in the European war and the Mexican mix-up—and the President found time to

send her a letter of sympathy. He did more. He referred the matter to the Governor of Kentucky and advised that it was easily within his power to provide for Mrs. Stone some relief. In this view Gov. McCreary acquiesced. He wrote Mrs. Stone that her rights would be protected, and informed her that she had his deepest sympathy. He also wrote the county judge, demanding that the case of this woman, "deprived of the right to send her children to church and school," be looked into.

Within a few days after the President of the United States and the Governor of Kentucky intervened in behalf of Mrs. Stone, County Judge J. J. Rice, County Attorney W. H. Gray, Sheriff Robert Wickliffe, Road Supervisor S. O. Sears, Squire J. H. Johns and perhaps a number of other officials of Muhlenberg county, were at the old Imbley place looking into the situation. There was such activity that Mrs. Stone was almost led to expect a macadamized turnpike, but she didn't get that. The county officials accepted the new lane which Mrs. Stone had refused to accept, agreeing to put public teams on the lane and convert it into a first-class roadway. To some extent this promise was kept and Mrs. Stone is now satisfied, with an opportunity to market her produce and the means of getting to church and the public schools. She has been told that it would not have been necessary for her to appeal to President Wilson, but knowing how some public officials neglect small matters in which no votes are involved, she feels that she got quicker action by going to the fountain head. And she is devoutly thankful.

### WEEK'S TRADE BALANCE IS LARGEST IN HISTORY

Washington, Oct. 26.—The Department of Commerce announced today the largest trade balance for single week, in favor of the United States, in the history of the nation.

The figures for imports and exports for the week ending Oct. 23 at Savannah, Boston, New York, Philadelphia, Baltimore, Norfolk, New Orleans, Galveston, San Francisco, Seattle, Buffalo, Chicago and Detroit show a balance in exports of \$70,000,000. The thirteen districts combined handled about 91 per cent of the import and export business of the country, and their exports for that week totaled \$98,777,016.

Counting the smaller districts, the total value of the exports was more than \$100,000,000.

Monday's exports from New York alone reached the total of \$21,637,000, or \$572,000 more than the previous high record established just a week earlier. Last week's New York figures were \$67,550,000, a gain of \$12,000,000 over the preceding week, which also was a record-breaker.

### Chamberlain's Tablets.

This is a medicine intended especially for stomach troubles, biliousness and constipation. It is meeting with much success and rapidly gaining in favor and popularity. Obtainable everywhere.

### FIRST TOBACCO SOLD IN HENDERSON COUNTY

Henderson, Ky., Oct. 30.—The first tobacco sold on the local market this season was bought by the John Hodge Company for \$6 for leaf, \$4 for hogs and \$4 for trash for one load, and \$5.50 for leaf, \$3.50 for hogs and \$1 for trash for the second load. The tobacco was grown by W. A. Curwin, of the county, and was in the condition, according to the statement of Mr. Hodge. The tobacco had been well cured and was in the order.

While the price was low, yet the quality of the tobacco crop this year is below the average. Mr. Hodge said the condition of this tobacco was fine, but nothing was said of the quality. The quality of the crop on a whole is below the average, according to information received during the past few weeks.

### Beware Of Cheap Substitutes.

In these days of keen competition it is important that the public should see that they get Chamberlain's Cough Remedy and not take substitutes sold for the sake of extra profit. Chamberlain's Cough Remedy has stood the test and been approved for more than forty years. Obtainable everywhere.

### A Bad Peccary.

Among the offenders brought up before a city Magistrate was a man by looking whom who was charged with having no visible means of support.

"What is your occupation?" asked the Magistrate sternly.

"Ain't got none, er," was the calm reply.

"The Magistrate turned to his clerk.

"Please make a note," he said, "that this gentleman has retired from circulation for fourteen days."

## IMPARTIALITY IS LINCOLN'S ADVICE

As To One Nation Dealing  
With Another.

WISE COUNSEL OF A PATRIOT  
Sees Nothing But Trouble  
Where Noticeable Favor-  
itism Is Shown.

FITS MATTERS JUST AT HAND

(From Washington's Farewell  
Address.)

"In the execution of such a plan nothing is more essential than that permanent, inveterate antipathies against particular nations and passionate attachments for others should be excluded, and that, in place of them, just and amicable feelings toward all should be cultivated. The nation which indulges toward another an habitual hatred or an habitual fondness is in some degree a slave."

"It is a slave to his animosity or to his affection, either of which is sufficient to lead it astray from its duty and its interest. Antipathy in one nation against another disposes each more readily to offer insult and injury, to lay hold of slight causes of umbrage, and to be hangry and intractable when accidental or trifling occasions of dispute occur. Hence frequent collisions, obstinate, envenomed and bloody contests. The nation prompted by ill-will and resentment sometimes impulses to war the government, contrary to the best calculations of policy. The government sometimes participates in the national propensity and adopts through passion what reason would reject. At other times it makes the animosity of the nation subservient to projects and hostilities instigated by pride, ambition and other sinister and pernicious motives. The peace often, sometimes perhaps the liberty, of nations has been the victim."

"So likewise a passionate attachment of one nation for another produces a variety of evils. Sympathy for the favorite nation, facilitating the illusion of an imaginary common interest in cases where no real common interest exists, and infusing into one the enmities of the other, betrays the former into a participation in the quarrels and wars of the latter, without adequate inducement or justification."

"It leads also to concessions to the favorite nation of privileges denied to others, which is apt doubly to injure the nation making the concessions; by unnecessarily parting with what ought to have been retained; and by exciting jealousy, ill-will, and a disposition to retaliate in the parties from whom equal privileges are withheld; and it gives to ambitious, corrupted or deluded citizens two devote themselves to the favorite nation facility to betray or sacrifice the interests of their own country, without odium, sometimes even with popularity—killing, with the appearances of a virtuous sense of obligation, a commendable deference for public opinion, or a laudable zeal for public good, the base of selfish compliances of ambition, corruption or infatuation."

"As avenues to foreign influence in innumerable ways, such attachments are particularly alarming to the truly enlightened and independent Patriot. How many opportunities do they afford to tamper with domestic factions, to practice the arts of seduction, to mislead public opinion, to influence or awe the public councils! Such an attachment of a small or weak toward a great and powerful nation dooms the former to be the satellite of the latter."

"Against the insidious wiles of foreign influence, I conjure you to believe me, fellow citizens, the jealousy of a free people ought to be constantly awake, since history and experience prove that foreign influence is one of the most baneful foes of republican government. But that jealousy to be useful, must be humanely directed."

### MOTHER TELLS HOW VINOL

Made Her Delicate Boy Strong  
New York City.—"My little boy was in a very weak, delicate condition as a result of gastritis and the measles and there seemed no hope of saving his life. The doctor prescribed cod liver oil but he could not take it. I decided to try Vinol—and with splendid results. It seemed to agree with him so that now he is a strong healthy boy."—Mrs. THOMAS FITZGERALD, 1090 Park Ave., N. Y. City.

We guarantee Vinol, our delicious cod liver and iron tonic, for run-down conditions, chronic coughs, colds and bronchitis. James H. Williams, Druggist, Hartford, Ky. Vinol is sold in Beaver Dam by Z. Wilbur Mitchell, Druggist.

partial else it becomes the instrument of the very influence to be avoided, instead of a defense against it. Excessive partiality for one foreign nation and excessive dislike of another cause those whom they influence to see danger only on one side, and serve to veil and even second the arts of influence on the other. Real patriots, who may resist the intrigues of the favorite, are liable to become suspected and odious, while their tools and dupes usurp the applause and confidence of the people, to surrender their interests."

ODD BITS OF NEWS.

Barstow, Ky.—Mildred Gilmore Hall came into the world ready for the dinner table. She had two fully developed teeth in her lower gum. / Hartford, Mich.—An admirer brought the editor of the Day Spring here a freak fruit, half peach and half apple. The dividing line is straight and well defined. The specimen grew on a peach tree.

New York, N. Y.—According to Robert R. Heiser, who returned from a tour of inspection in Germany recently, four dummy kaisers ride along the lines in different sections of the country daily. The dummies ride in cars like that of the emperor and are selected from soldiers who look most like the kaiser. In this way the life of the kaiser is better protected.

Paris, France. Aldebe Verd, 72 years old, is the oldest soldier in the French army. He saw service at Sedan, and is now with the 47th territorial regiment in the first line of trenches.

Mourne, Wis.—This town was said to be the "smelliest" town in America when the annual cheese day was held. Two tons of Emmentaler Swiss and other cheeses were given away in sandwiches.

Mendville, Miss.—For the first time in its history, 75 years, this town has a church. The town was the headquarters for many years of the famous Newman-Hyrd feud, which ended with the killing of all the feudists.

Roxton, Tex.—At a birthday party given by Mr. and Mrs. J. W. Watson in honor of their son, Rufus, a fruit cake graced the table which was cooked twenty years ago by Mrs. C. H. Shilling, of Paris, the young man's aunt. She gave it to his father and told him not to eat it until the boy was twenty-one years of age. The flavor was said to be fine.

Geneva, O.—Menu: Breakfast, springwater; luncheon, spring water; dinner, more springwater. That was the diet which Dr. H. G. Huffman, oculist, lived on for 47 days. The doctor's fast is said to have saved his life.

Colds Do Not Leave Willingly.

Because a cold is stubborn is no reason why you should be. Instead of "wearing" it out, get sure relief by taking Dr. King's New Discovery. Dangerous bronchial and lung ailments often follow a cold which has been neglected at the beginning. As your body faithfully battles those cold germs, no better aid can be given than the use of this remedy. Its merit has been tested by old and young. Get a bottle to-day. 50c and \$1.00.

### THE HARVEST CALENDAR OF THE WORLD'S PRODUCTS

Somewhere every month in the year harvesters are clicking. According to Farm and Fireside the world's schedule for cutting grain is as follows:

January—New Zealand, Argentina.  
February—East India, upper Egypt.  
March—Egypt, Chili.  
April—Asia Minor and Mexico.  
May—Asia, China, Japan, Texas.  
June—Turkey, Spain, Southern United States.  
July—United States, Austria, Southern Russia, England, Germany, Switzerland.  
August—Canada, Holland, Belgium, Denmark, Poland.  
September—Scotland, Sweden, Norway, Siberia.  
October—Northern Russia, Siberia.  
November—South Africa and Peru.  
December—Uruguay, Austria.

Then it all starts over again, beginning with New Zealand and Argentina. The United States exports harvesting machinery to all the countries named, and also many others.

Regulate the bowels when they fail to move properly. Herbine is an admirable bowel regulator. It helps the liver and stomach and restores a true feeling of strength and buoyancy. Price 50c. Sold by Z. Wilbur Mitchell, Beaver Dam.

Be coughing? You rack the lungs and wear the body. Ballard's Peppermint Cure cures irritation, heals the lungs and restores comfortable breathing. Price 25c, 50c and \$1.00 per bottle. Sold by Z. Wilbur Mitchell, Beaver Dam.

## WILL ERECT NEW PLANT TO MAKE EXPLOSIVES

For the Allies — Spottsville On  
Green River Will Be  
the Place.

To manufacture explosives for the allies an old and dye plant is shortly to be built at Spottsville, Ky. The Caldwell Chemical company, with headquarters in Evansville, will finance the plant, says the Evansville Courier.

The Caldwell Chemical Company was organized some time ago and two months ago was incorporated in a northwestern State. C. W. Caldwell, 202 Woods building, an attorney, is president of the company.

The waters of Green river will be used for motive power if concessions now being negotiated for with the Federal Government are granted. Three acres of ground adjoining the Spottsville locks on the west side of Green river have been purchased by the company and building will begin soon, according to a statement yesterday by Mr. Caldwell.

Picric acid will be the first material manufactured. Mr. Caldwell said yesterday his company has a standing order from a Washington, D. C. firm, buyers of explosives for the allies, to take all of this compound at \$1 a pound the company can make.

The chemical company has also been asked, Mr. Caldwell said, to take a contract for the manufacture of seventy-five millimeter shells, but has reached no decision on this industry. Picric acid is used in the making of such shells.

SPECIAL FAMILY GROUP  
Of Splendid Periodicals Offered At  
An Exceedingly Low Price.

A selected list of strictly high-class periodicals that will supply all your wants for winter reading. Here is our great offer:  
Hartford Herald ..... 1 year  
Cincinnati Weekly Enquirer 1 year  
The Housewife, monthly ..... 1 year  
Reliable Poultry Journal, monthly ..... 1 year  
Farm Journal, monthly ..... 5 years

This grand offer is open to all new and renewal subscriptions. If you are at present a subscriber to any of the above, your time will be extended.

No progressive family should overlook this unusual money-saving opportunity, as it is an investment you will not regret. Remember, the offer is limited and may be withdrawn soon. ACT PROMPTLY.

Better order to-day and tell your friends before it is too late. Call or mail all orders to The Herald, Hartford, Ky.

Rheumatism and Allied Pains—  
They Must Go!

The congestion of the blood in its flow causes pain. Sloan's Liniment penetrates to the congestion and starts the blood to flow freely. The body's warmth is renewed; the pain is gone. The "man or woman who has rheumatism, neuralgia or other pain and fails to keep Sloan's Liniment in their home is like a drowning man refusing a rope." Why suffer? Get a bottle of Sloan's. 25c and 50c. \$1.00 bottles hold six times as much as 25c size.

Advertisement.

Needed His Job.

Ex-Senator Lodge was talking in Boston and told the following story to explain a point in his argument: "A country lout in Massachusetts got a job once shooting muskrats for the owner of a mill. He sat for several hours a day in the sun on the dam, watching for the rats, which were rapidly undermining the mill owner's property."

"One morning a villager passed."

"What are you doing, Sir?" asked the muskrat.

"I'm paid to shoot muskrats," came the reply. "they're murdering the dam."

"There goes one now!" said his friend, "why don't you shoot him?"

"I sat motionless."

"Do you think," he asked, finally, "that I want to lose my job?"

## SCIENCE CANNOT DETERMINE SEX

One Of the Great Mysteries Of Life.

HAS NEVER YET BEEN SOLVED

Great Wealth Cannot Insure a Son To Inherit Vast Riches.

SHREWD PLANS HAVE FAILED

(The Determination of Sex. G. P. Putnam's Sons.)

In the thirteenth chapter of Genesis Jacob is described as playing a foxy trick on his father-in-law, Laban. In order to increase his wage in speckled and spotted goats, "Jacob," it says, "took him rods of green poplar and of the hazel and chestnut trees, and piled white streaks in them, and made the white appear which was in the rods. And he set the rods which he had piled before the flock, in the gutters, in the watering-troughs, when the flocks came to drink, that they should conceive when they came to drink. And the flocks conceived before the rods and brought forth cattle, ring-streaked, speckled and spotted. . . . And I came to pass, whensoever the stronger cattle did conceive, that Jacob laid the rods before the eyes of the cattle in the gutters, that they might conceive among the rods. But when the cattle were feeble he put them not in; so the feeble were Laban's and the stronger Jacob's." Laban had not treated Jacob fairly and possibly Jacob felt that the blessing on God was pretty sure to be vouchsafed to him by his clever trick.

But nevertheless modern science has made us absolutely certain that the rods had nothing to do with the result of the offspring of Laban's goats. Modern science has established the accuracy of Mendel's Law and one can foretell with considerable certainty what the proportion of streaked or spotted cattle or cats or human beings will be in so far as one can get at the characteristics of the parents. One can improve the breed of hens and dogs and men; but so far no law has been discovered to determine the sex of the higher animals. That, like the origin of life itself, is still veiled in mystery. All the processes of conception, of gestation, of birth, are known. The marvel of cell-division with its infinity of resultants has been followed by the high-powered microscopes. We know all about chromosomes and parthenogenesis and a multitude of deep and abstruse processes labeled with long and portentous names. But one thing which men and women have for centuries yearned to be able to effect is still as far from the possibility of human knowledge as ever, apparently. It may be that it will be discovered in the days to come. Dr. Dancaster summarized in language as untechnical as possible all that has so far been worked out by careful study and experimentation. Jacob can now get his better sheep and goats by a superior knowledge of the characteristics of the cattle which his father-in-law has accumulated. You can raise fine varieties of fowls without great difficulty if only you select the right kind of fathers and mothers. If you want a tortoise-shell cat you can be reasonably sure of getting

HAS EARLINGTON FOUND THE SAME?

The Answer Is Found In the Straightforward Statement of An Earlington Resident.

We have been reading week after week in the local press of Hartford citizens who have been rid of distressing kidney and bladder troubles by Doan's Kidney Pills, and we have often wondered whether the same high opinion of this medicine is to be found in our neighboring town. This frank and earnest statement by a well known and respected resident of Earlington will set this doubt at rest.

Mrs. Pearl Walton, Earlington, Ky., says: "I suffered from weak kidneys. I did not pay much attention to the trouble at first, but when I found that I had little control over the kidney secretions, I knew that something must be done. My rest was broken at night and in the morning I was tired and worn out. Doan's Kidney Pills cured me and my kidneys have been in good condition since."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Walton had. Foster-McBurn Co., Props., Buffalo, N. Y. (Advertisement)

one by properly mating its parents. The picture in Puen, some years ago, of a little weaned-up Dingo putting a noble Durham bull and exclaiming "You are a noble fellow," to which the bull retorts: "So would you be if you had taken as much pains to select your father and mother as you did in the case of mine," is not only witty, but sound common sense. You can determine the health and the beauty and the character to a certain extent of your offspring but, if you are a millionaire and want a son to inherit your wealth and your name, you cannot possibly buy the knowledge to attain it. Chromosomes from some degenerate ancestor may also appear and quite set at naught your well formed plans. It takes a long time to change the human race.

NEVER DESPAIR.

(W. H. Canfield.)

There are times to the lives of all of us when the clouds seem to lower, but, never despair! With power and fortitude, invincible determination overcome many obstacles, and make opportunity for all. Never despair! Often, in the life, there are dark and melancholy days; yet, like the weather which is cloudy and gloomy, these will pass, perhaps, if we will be cheerful, brave and hopeful. And then the sun of hope and joy will appear. Never despair! We are sometimes defeated by the machinations of evil-minded persons; but, let us do our duty to ourselves and our fellowmen, and good will appear. We are sometimes disappointed by something, and that particular wish for thing, or longed for joy, may never be ours. But, indeed, it may be that something else, or some other joy, just as good—even better—will appear to drive away gloom and materialize hope and joy. Never despair! Sorrows may be softened, a disappointment may be forgotten in a new-found joy in adding zest to life by cheering and aiding others. Sorrow chastens. Doing good elevates. Never despair! The dark days should be used only for an introspection of the good things of life—kindness, charity, social deeds, love, human brotherhood. These are what make life worth living. Never despair!

Put a porous plaster on the chest and take a good cough syrup internally if you would treat a severe case of sore lungs properly. Get the dollar size Ballard's Horehound Syrup. With each bottle there is a free Hecker's Red Pepper Porous Plaster for the chest. Sold by Z. Wilbur Mitchell, Beaver Dam.

COST TOO MUCH, SO HE GAVE RAILROAD AWAY

Owingsville, Ky., Oct. 30.—W. W. Hubbard, declaring himself unable to operate and maintain the Wingsville and Olympia railroad, of which he was the owner, has given it over to the town of Owingsville. At the time of the building of the road citizens gave it a bonus of \$16,000 providing that the road belong to the town in case Mr. Hubbard failed to run it ten years. The town will continue to operate the road and will provide new rolling stock, as much of the old rolling stock was demolished in a wreck on October 1.

Get Rid Of Those Poisons In Your System!

You will find Dr. King's New Life Pills a most satisfactory laxative in releasing the poisons from your system. Accumulated waste and poisons cause manifold ailments unless released. Dizziness, spots before the eyes, blackness and a miserable feeling generally are indications that you need Dr. King's New Life Pills. Take a dose to-night and you will experience grateful relief by morning. 25c.

STATE FAIR HAS GOOD BALANCE ON RIGHT SIDE

Louisville, Ky., Oct. 30.—The annual report of Secretary James L. Dent, of the Kentucky State Fair, shows gross receipts of \$80,151.43 and net profit of \$7,380.19. This showing was made despite the fact that the Midway Attractions did not open on the grounds until practically the third day, and also the bad weather on the last day of the fair. The total receipts this year were \$3,787.67 less than last year. Expenses this year, however, were about \$7,000 less than last year.

Interesting Test.

"When Josh got home from his education," said Farmer Cartmossel, "he started right to instruct me about agriculture. So I didn't have no time to try him out."

"What did you do?"

"Sent him out to round up a swarm of bees."

"Was the experiment successful?"

"Same. It didn't hurt the bees none, an' kept Josh from gettin' in the way for 'most two weeks."

When a girl goes abroad to finish her education you can't always see her foolish.

## FOOD PRICES HIGH ALL OVER GERMANY

Whole Population Is To Start On Rations.

YOUNG GENERATION UNDERFED

German Women Have Come From Obscurity Nobly To the Front.

NOW BEING HIGHLY PRAISED

Berlin, Oct. 30.—Food prices continue to soar, and it is no exaggeration to say that practically the whole German people are now on short rations, but to their honor be it said that individually they bear the hardships imposed upon them by the war in the most wonderful manner.

Though I have talked with people of all classes down to the very poorest, who are existing on a few potatoes and a few ounces of bread a day, I have failed to hear a single complaint. Everybody realizes that Germany is struggling for her very existence, and that all hardships must be cheerfully borne.

The press, however, is less reticent. Catholic papers, all over Germany are loudly complaining of the high prices of food. They describe the economic situation in terms a little less bitter perhaps than the Socialistic press, but none the less eloquent. Great changes have taken place in the mode of living in Germany, as may be gathered from the extracts of a housekeeping book published by a Catholic paper in Westphalia.

During the months of June one family had only once a supper of potatoes and coffee. In 1914 it had meat for supper seven times; in June this year it had no meat at all. This family has had to abandon cocoa. In June, 1914, bread was eaten with every meal; this year the family had bread only four times. The consumption of sugar has had to be reduced. It has fallen from 16 pounds to 8 pounds.

Another family used 16 gallons of milk in June, 1914; in June of the present year the quantity consumed was only five gallons. The Catholic journal comments that there is a lack of meat and of everything that is appetizing and nourishing. Meals are monotonous and fatiguing. The body suffers even in cases where there is a sufficiency of nutritive substances. The family lives, but at the expense of its health.

It is a fact that the young generation is being underfed, which warlike Germans more than anything else, and almost daily you see in the papers appeals to parents to stint themselves as much as possible in order to give their children sufficient food.

The war has opened the eyes of the average German in regard to the virtues of the German women, whom he hitherto was inclined to look upon as a rather inferior being, whose sphere was rightly defined by the Kaiser as being that of the three K's (kitchen, kinder, kuche—church children, kitchen).

Now the entire press is singing the praises of the German woman and even a conservative, old-fashioned paper like the Deutsche Tageszeitung says: "The degree of a nation's culture depends on the character of its women and the woman of Germany embodies in the truest form the German spirit in all its grandeur and with all its little weaknesses. She has been the medium through which all that is great and noble in art, science and literature has been given to European civilization."

Material For Autos.

The American motor-car industry last year made use of the following raw material: Steel, 670,000 tons; aluminum and alloys, 4,920 tons; brass, 2,141 tons; hair for upholstery, 1,068 tons; moss, 2,050 tons; hides, 67,332, on the basis of one-third hide per car where real leather

MRS. MELTON'S LETTER

To Tired Worn-out Mothers

Jackson, Miss.—"I shall feel repaid for writing this letter if I can help any tired, worn-out mother or housekeeper to find health and strength as I have. 'I have a family of five, sew, cook and do my housework and I became very much run-down in health. A friend asked me to try Vinol. I did so and now I am well and strong and my old time energy has been restored. Vinol has no superior as a tonic for worn-out, run-down, tired mothers or housekeepers.'—Mrs. J. N. MELTON, Jackson, Miss.

James H. Williams, Druggist, Hartford, Ky. Vinol is sold in Beaver Dam by Z. Wilbur Mitchell, Druggist.

was used; artificial leather, 3,280,000 square yards; upholstery fittings, \$917,542 worth; hurling, 6,560,000 yards; top material, 11,405,250 yards, valued at \$2,447,780; manufactured cotton in tires on new cars only, 7,950 tons; celluloid, 390,000 pounds; rubber and compounds, 9,338 tons; hinges, 2,446,780 pairs; door-catch fittings, 2,446,780; carpet, 488,356 square yards; linoleum, 642,968 square yards; boards for floors, wheels and bodies, 8,450,000 running feet.—[Chicago Journal.]

ARE YOU EDUCATED?

A professor of the University of Chicago has evolved a series of ten questions for the educated which, he avows, are the best evidence of a real education. If you can answer "yes" to all the questions you are truly educated. The professor says: Here are the questions:

Has education given you sympathy with all the good causes and made you espouse them?

Has it made you public spirited?

Has it made you a brother to the weak?

Have you learned how to make friends and keep them?

Do you know what it is to be a friend yourself?

Can you look an honest man or pure woman in the eye?

Do you see anything to love in a little child?

Will a lonely dog follow you in the street?

Can you be high-minded and happy in the meanest drudgeries of life?

Do you think that washing dishes and hoeing corn is just as commendable with high thinking as piano playing or golf?

Are you good for anything yourself?

Can you be happy alone?

Can you look out on the world and see anything but dollars and cents?

Can you look into a mud-puddle by the wayside and see a clear sky?

Can you see anything in the puddle but mud?

Distress In the Stomach.

There are many people who have a distress in the stomach after meals. It is due to indigestion and is easily remedied by taking one of Chamberlain's Tablets after meals. Mrs. Henry Padgug, Victor, N. Y., writes: "For some time I was troubled with headache and distress in my stomach after eating, also with constipation. About six months ago I began taking Chamberlain's Tablets. They regulated the action of my bowels and the headache and other annoyances ceased in a short time." Obtainable everywhere.

Making Doubtly Sure.

First Girl—He always looks under the bed to see if there is a man there.

Second Girl—Yes, after first looking in the mirror.

WHAT CATARRH IS

It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little if any good.

To correct catarrh you should treat its cause by enriching your blood with the old-fashioned Scott's Emulsion which is a medicinal food and a building-tissue, free from alcohol or any harmful drugs. Try it. Scott & Bowne, New York, N. Y.

Our Advice Is:

When you feel out of sorts from constipation, let us say that if

Jexall Orderlies

do not relieve you, see a physician, because no other home remedy will. Sold only by us, 10 cents.

James H. Williams.

Will practice his profession in Ohio and in Kentucky. Special attention given to water-construction and collection of appeals. Office in the Herald building.

## STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

Get a package today. Only a quarter.

Do you need a new stove this winter? If so you must surely let us show you our line. You will be sure to profit by the low prices at which we sell them.

We keep a wide variety of stoves—stoves for the parlor, stoves for the kitchen, stoves for the store, stoves for everywhere. This is stove time; make your pick.

ACTON BROS., - Hartford, Ky.

### Brace Up!

Need a new pair of suspenders? Drop in and see what we can show you. You'll probably want to get into more than one pair; of course, one at a time. It's a good idea to have one or two extra pairs and do away with the bother of changing.

We can make your eyes glisten with a lot of other things in this up to date haberdasher's.

## The Hartford Herald

ORDER MATTHEWS, FRANK L. FELIX,  
EDITORS  
FRANK L. FELIX, Pub. and Prop'r

Entered at the Hartford post-office  
as mail matter of the second class.

The eighth session of the Kentucky Conference of Charities and Correction is in session at Lexington this week, beginning to-day and ending Friday. The program is a splendid one and several persons scheduled to speak have national reputations as social workers in various fields. This Conference is of great importance to the social welfare of the State. Everyone interested in this phase of Kentucky's progress is eligible to membership and may attend as a delegate.

Military guard organizations in connection with school work are becoming quite popular throughout the country. It is a good movement and should be pushed. Military training gives splendid exercise and instills principles of patriotism. It teaches the idea of concentrated effort and where properly managed, does not detract from but adds to school interest and discipline. The organization of military classes in schools and colleges has attained a wide general practice.

One of the most vital personal subjects that engages the minds of the people of Kentucky is education. There is a surprising amount of illiteracy in the State. This odium hangs like a pall over many bright minds—intellects which are cooped up like a bird in a cage, lacking only the key of education for freedom. Many people thus beset are perhaps too far advanced in years to profit by educational advantages, but there are thousands of children growing up who should not be denied this blessed privilege. It all means let the rising generation be educated!

"The car skidded when the driver attempted to take the curve at a high rate of speed," are the closing lines of an account of an automobile accident in which two of a party of eight young people were killed. The last four words of the quotation explain the accident—"high rate of speed." Frequently the autoist tries to beat a fast train to a crossing. It's the same story only in a slightly different way. The speed mania obsesses too many chauffeurs. To maintain a record they recklessly risk precious human lives. Oh, the utter foolishness of such endeavors!

A strict and unflinching enforcement of the law in regard to the blind tiger and bootlegging business is what is necessary under all circumstances. The people are watching these cases more, perhaps, than the officials think. Leniency or dallying with convicted parties should not be indulged in. All who engage in the illegal sale of liquor are doing so in firm defiance of the law. There is no excuse for them when convicted. They should get what the law demands, to the letter, like the officers should allow no loophole for escape when the evidence is convincing.

Young men, did you ever notice, somewhere in print, something about "skilled labor?" Know what that means?—of course you do. It means that these fellows are proficient in some certain class of work. It means also that on account of their proficiency they get better wages than the other fellows who don't know how or seem to care very little just what class of work they are doing. The skilled fellows have taken thought and prepared themselves by patient training. It was probably "too much like work" for the other boys. Every young man should adopt a trade or calling and stick to it. Then after awhile he will no doubt be in that prosperous class called "skilled labor."

### ENHANCED OF CROOKEDNESS.

A fair sample of the rotten and disreputable methods employed by Republican leaders to carry the election in this county appeared in last Friday's Hartford Republican. In the center of the first page, in black-face type was printed a statement to the effect that Judge Hinkhead and Judge Henson were each paid for holding court here during the last few days in which Judge Henson was a special judge, intimating that this would be a double expense upon the taxpayers of the county.

No illegal campaign falsehood was ever put in print or circulated. The Circuit Judges of the State get a fixed and stated salary—no more, no less—and must pay their own expenses in attending courts which they hold. The law provides that the Governor may take a judge from his own district and appoint him as a special judge in another district at any time which the circumstances warrant. This judge is allowed no extra pay for this nor

any money to cover his extra expenses in going and coming, which must come out of his own pocket. His salary remains the same. This appointment of special judges is of quite frequent occurrence. Judge Hinkhead has served several times as a special judge in Judge Henson's district.

All of these facts must be known to the parties who are at present guiding the political policy of the Hartford Republican. Knowing facts to the contrary, they are guilty of having printed and circulated a barefaced, malicious campaign falsehood—or lie—purely for political effect. It was as despicable as it was false and misleading. It was intended for nothing only to deceive the people.

In behalf of justice and fair play, Judge Henson came out in a public card, in which he stated that his services here had not cost the county or State one cent.

As this is being written the result in this county and district as to the election is not known, but whichever way it goes, the above described piece of crookedness and chicanery must stand to the everlasting disgrace of the man or party that perpetrated it.

### SOME FIGURES ON PAST KENTUCKY ELECTIONS

In 1895 Bradley, (Republican), was elected Governor of Kentucky by 9,000 plurality.

In 1896 McKinley, (Republican), carried the State by 286.

In 1899 Taylor, (Republican), on the face of the returns had a plurality for Governor, over Goebel, (Democrat), of 2,300.

In 1900 Beckham, (Democrat), had a plurality for Governor over Yerkes, (Republican), of 3,500, and Bryan, (Democrat), carried the State over McKinley, (Republican), by 7,500.

In 1903 Beckham (Democrat), was again elected Governor over Barknap, (Republican), by 28,000.

In 1904 Parker, (Democrat), carried the State over Roosevelt (Republican), by 11,000.

In 1907 Willson, (Republican), was elected Governor over Hager, (Democrat), by 19,000.

In 1908 Bryan (Democrat), carried the State for President over Taft, (Republican), by 8,500.

In 1911 McCreary, (Democrat), was elected Governor over O'Roar, (Republican), by 31,000.

In 1912 Wilson, (Democrat), for President received 219,584 votes and Taft and Roosevelt combined received 218,278 votes.

### Public Sale.

Having sold my farm, I will offer for sale at my residence, near Matanzas, Ky., on the Livermore and Centertown road, 5 miles west of Centertown and about 4 miles south of Livermore, on Saturday, November 27, 1915, the following described property:

Two bay horses 5 years old, 1 saddle and harness mare 2 years old, 1 suckling colt, 1 yearling-past colt, 1 2-year old colt, 1 6-year-old horse, 1 pair mules 5 years old, 9 head of hogs, 23 head of cattle (5 milch cows, 4 heifers—all will bring calves in the spring), 2 road wagons, 3 buggies, 3 disc harrows, 2 corn drills, 1 wheat drill and farming implements of all kinds.

I will also offer for sale that day 27 tons of good hay.

Terms of Sale:—All sums over \$5.00 cash in hand; over \$5.00, 12 months time with good security. Two per cent. off for cash.

Sale begins at 10 o'clock a. m.  
J. H. KIRKENDOLL,  
Centertown, Ky., Route 1.

434 Farmers' Phone No. 31.

### HEAVIER TOBACCO CROP EXPECTED THIS YEAR

According to the official statistics just made public by the United States Secretary of Agriculture the tobacco crop of this country sustained a slight deterioration during the month of September and will probably not weigh out quite as heavy as had been previously indicated. The average condition of the crop on October 1 was estimated at 81.9 per cent, as against a ten-year average of 82.2 per cent. The estimated production from the condition on September 1 was 1,120,149,000 pounds, while from the condition on October 1, a total yield of 1,098,804,000 pounds was indicated. The final estimate of the 1914 crop was 1,024,679,000 pounds, so an increase in this year's production of at least 64,125,000 pounds, or 6 per cent, is indicated. The best condition on October 1 was recorded for West Virginia with 90 per cent, and the poorest condition for Wisconsin, 59 per cent.

### Two Crops Of Grapes.

Hickman, Ky., Nov. 1.—"Uncle" Jeema Long, of the upper bottom above Hickman, is eating his second crop of grapes this year. He gathered his early summer crop as usual and a few days ago found the vines loaded down with a second crop.

## DIXIE BEE LINE ROUTE IS TO BE SELECTED

To-Morrow—The Highway Will Probably Take Direct Southern Course.

Hopkinsville, Ky., Oct. 30.—Interest all along the proposed route of the Dixie Bee Line Highway, extending from Danville, Ill., to Springfield, Tenn., at each of which places it connects with the Dixie Highway, is centered now in the meeting to be held November 4 at Evansville, at which the official route of the highway will be definitely selected. Up to this time the flight between the several proposed routes has gone on merrily, and despite the fact that immediately after the completion of the official inspection tour it was strongly inclined just what route would be selected, none of them have given up, but have gone to work harder than ever to bring pressure to bear to win.

It is expected that a large number of people from all the towns and counties interested, will go to Evansville to attend the meeting. These people, outside of the county vice president for each county, will have no vote, but they seem to think that numbers and enthusiasm may have some effect.

There are nineteen counties which want the Dixie Bee Line to come through their borders, so this makes a board of nineteen men, one vice president being allowed to each county, in which will be vested the voting power when it comes to making a decision. Of these counties three are in Illinois, six are in Indiana, seven are in Kentucky and two are in Tennessee. There is expected to be a good deal of diplomacy played and possibly some close alignments made before the voting is ever done.

Each county will be allowed to have one speaker address the committee for a short time, setting forth the reasons why that county thinks it has a claim on the route.

The current belief is that the route will be selected as nearly direct South as possible, as this is the prime purpose for the inauguration of the Dixie Bee Line, which is indicated by the name given it.

### CASUALTIES 2,271 DAILY; BRITISH LOSS 403,201

London, Nov. 1.—The British casualties from the beginning of the war to October 9 were 493,294. The losses were distributed as follows:

| Western area: |           | Other   |  |
|---------------|-----------|---------|--|
|               | Officers. | Ranks.  |  |
| Killed .....  | 4,401     | 63,659  |  |
| Wounded ..... | 9,169     | 225,716 |  |
| Missing ..... | 1,567     | 61,134  |  |

Total casualties in all operations:

| Officers.     |        | Ranks.  |  |
|---------------|--------|---------|--|
|               |        |         |  |
| Killed .....  | 6,660  | 94,392  |  |
| Wounded ..... | 12,663 | 304,832 |  |
| Missing ..... | 2,000  | 72,177  |  |

The foregoing figures were contained in a written statement sent by Premier Asquith to the House of Commons.

British casualties up to August 21, as given officially on September 14, were 381,983. This shows a total between that time and October 9 of 111,311, or a daily average of 2,271. Losses between June 9 and August 21 averaged about 1,500 daily.

The total British casualties in October, computed from the War Office lists, which have been published daily during the month, were 3,110 officers and 71,187 non-commissioned officers and men.

### AN ESTIMABLE WOMAN FOUND DEAD BY SUICIDE

The Owensboro Inquirer of Monday says:

Mrs. Susie Gilmore Stirman, wife of F. V. Stirman, was found dead shortly after 9 o'clock Sunday night at the residence of her brother, John Gilmore, on West Seventh street, with a pistol wound in her right temple. It was apparent that death had resulted instantaneously.

Mrs. Stirman had been making her home on Parrish avenue for a number of years, but recently decided to leave Owensboro and join her husband and two daughters at Oklahoma City, Okla. Mr. Stirman has been engaged in the insurance business in that city for a number of years. His daughter, Miss Edith, is a teacher in the city schools, while his other daughter, Miss Margaret, is assistant librarian at that place. Mrs. Stirman had disposed of her household effects, and had made all arrangements to leave for her future home on next Thursday. In the meantime she was staying with her brother, John Gilmore, and on Sunday evening came down to the city with him. Mr. Gilmore and his sister returned home shortly after 9 o'clock. Prior to that time Mrs. Stirman was in the very best of spir-

its and Mr. Gilmore and his family were completely shocked when they heard a pistol shot, which rang out from the kitchen in the rear to their home, and upon entering found Mrs. Stirman lying on the floor, with blood oozing from her right temple. The body was still warm, but death had already claimed her. No cause can be assigned for Mrs. Stirman's act, except it be ill health, with which she has been a sufferer for many years. Mrs. Stirman was born July 9, 1868, and was married October 18, 1888.

### WAS INSTANTLY KILLED IN AN AUTO ACCIDENT

Madisonville, Ky., Nov. 1.—Miss Amanda Wilson, of this city, was instantly killed Saturday night when an automobile, in which she and three other young people were returning from Lexington, turned into a ditch about three miles from town. Miss Esther Morrow Rufus Whittinghill and Frank Hollinsworth, who were in the machine, escaped with a few bruises.

Miss Wilson was driving the car, a Ford runabout, when in some manner she lost control of the steering apparatus and the machine turned completely over into a ditch at the roadside. She was dead when reached by her companions. Miss Wilson was one of the most popular members of the younger social set and her sad death will be widely mourned. She was an orphan and had been making her home with her aunt, Mrs. C. H. Murphy, of Seminary street.

### DEADLY DUEL FOUGHT HIGH UP IN THE AIR

Cleveland, O., Oct. 30.—A horrified crowd to-day saw a death duel sixty feet in the air on an arch of the new high level bridge over the Cuyahoga river in which Frank Wright, storekeeper for bridge contractors, was killed by a fellow-workman with an iron bar. The killing was witnessed by Wright's wife, who was making her way up to him with his lunch. Police have arrested Jack Browning in connection with the crime.

The killing was preceded with a grim struggle, in which the two men wrestled back and forth on the arch, and both came near to falling into the river several times.

### Will Give Her Calf.

Columbus, Ind., Oct. 30.—The will of the late Mrs. Henrietta Oyermark, a wealthy widow of Bartholomew county, was filed for probate here to-day and by its terms the testatrix bequeaths a calf each to two of her heirs. The will stipulates that in the event she owns no calves at the time of her death the beneficiaries are to receive the price of a calf in cash, each at the market price at the time of her death.

### FEDERAL COURT WILL CONVENE NOVEMBER 22

Federal Court will be convened in Owensboro by Judge Walter Evans, of Louisville, on Monday, November 22. The work of the term will be light, as very little new business has been added since the last term. Criminal work, as usual, will occupy a large portion of the time. A grand and petit jury will be impaneled. A large number of bootleggers are confined in jail for hearing.

Should the civil docket be tried out, which is improbable, the court would be detained in Owensboro more than the customary forty hours, which Judge Evans takes to dispose of the term. The docket for the term follows:

Civil cases—Latham against Ames; Wood against Haug; Wurtzbaugh against Owensboro Messenger Company; Mobberly against Illinois Central; Waggoner, Admr. against West Kentucky Coal Company; Troy Bank against Whitehead; Union Stockyards National Bank of Wichita, Kan., against Fred Hamilton, etc.; Wurtzbaugh against Jones, and Gordon, trustee, against Rosenfeld, etc.

Indictments: Thos. Logan, Wesley Carlton, James Wilson, Myrtle Lee Harris, Chess Haynes, Sam Wathen, James Wallace, William Logan, Mack Edwards, Jim Kiper and Robert Howell, charged with bootlegging, and Herbie and Laurel Johnson and Henry Blanchford, for intimidating witnesses.

### Great Wheat Crop Promised.

Clarksville, Tenn., Nov. 1.—Reports from over the county indicate that the farmers are preparing for the largest wheat crop the county has ever known. The crop of last season was fine indeed, until the coming of the heavy balistorm in May. The prices of wheat are being well maintained and those who have wheat have ready money. Not so with tobacco; it will perhaps be two or three months before the farmers will realize on this crop.

The last boundary monument between the United States and Canada has been set. The work has been going on for 100 years.

# Hats and Caps!

For the fall and winter season are very attractive. Hats in all the new shapes, along with our regular line of staple shapes are here in abundance. In Blacks, Blues, Browns, Tans and Grays, as well as the new Two-color effects, in the newest and nobbiest shapes. Our price range is \$1.00, \$1.50, \$2.00, \$3.00.

## Fordsville Planing Mill Co.

(INCORPORATED)  
JAKE WILSON, Mgr. FORDSVILLE, KY.

## FIRST CALL NOW MADE ON THE BIG WAR LOAN

British and French Governments Ask Between 60 and 70 Million Dollars.

New York, Oct. 30.—The first call for funds available from the Anglo-French \$500,000,000 credit has been made by Basil B. Blackett, secretary of the Anglo-French commission, and Octave Homberg, one of the French members who remained in this country to adjust matters. Lord Reading, chairman of the commission, and the two other British members sailed October 16 and have reached Great Britain.

The call requests banks throughout the country where the funds have been deposited to remit by November 15th 15 per cent. of the proceeds to the National City Bank here, the institution designated as the depository of the proceeds as called for. Letters to this effect have gone out, bearing the signatures of Messrs. Blackett and Homberg, and others will go forward to other banks.

It is expected the call will place at the disposal of the British and French Governments between \$60,000,000 and \$70,000,000—15 per cent. of the amount paid in—by November 15. This will be placed in the National City Bank to the credit of "The British and French Governments' central joint account." The sum will be checked out by Messrs. Blackett and Homberg as needed.

and when exhausted another call will be made.

In no case, however, will Messrs. Blackett and Homberg make their drafts payable to the exporters of supplies.

About \$300,000,000 of the \$500,000,000 bond issue, it was authoritatively stated here, has been withdrawn from public subscription by the banks and financial houses who are members of the underwriting syndicate. These will be retained by the banks as investments, according to present plans, leaving available for public purchase about \$200,000,000 of the issue. It was said here this was fast being taken.

### The Presidential Wedding.

Washington, Nov. 1.—It was formally announced to-day at the White House that the marriage of President Wilson and Mrs. Norman Galt will take place "near the close of December," and that it will be private at Mrs. Galt's home here.

This statement was issued by Secretary Tamm.

"In order to quiet speculation, President Wilson and Mrs. Norman Galt to-day authorized the announcement that their marriage will take place near the close of December. Their plans are for a very simple ceremony. It will be quietly performed at Mrs. Galt's residence. No invitations will be issued, and it is expected that the only guests will be the members of the two families."

Great Britain rules over five million more of Mohammedans than over British subjects; out of 200,000,000 Mohammedans in the world only 35,000,000 are under Mohammedan rulers.

The Baptists in Brazil number 19,000, with 300 churches.

"The Class of Shirt I've always wanted at the prices I've always wanted to pay!"

That's what you will say too, when you see

## HALLMARK SHIRTS

You have never seen such worth in shirts before, because so much value was never before attempted at the prices—

\$1.00, \$1.50

Guaranteed Color fast—unequaled in style and variety.

To see them is to believe and buy.

**FAIR & CO.**  
THE FAIR DEALERS

will enter the law offices of Messrs. Trabue, Doolin & Cox, Columbia building. He will join his mother and sister at the Puritan.

Assistant State Auditor, Mr. G. H. Likens, sons Edward and Frank Barrett, daughter Miriam, and Mrs. Lena Minott, who has had charge of his children since his wife died, who have been visiting relatives and friends in Hartford and vicinity, returned home yesterday.

Mr. W. C. McKimney, of Taylor Mines, has been tendered and accepted a position with the Madera Manganese Railroad Company of Brazil. He will sail from New York November 9th for Porto Velho Rio Maderia, Brazil. Mr. McKimney is one of Ohio county's most promising young business men and we predict great success in his new field.

Messrs. W. W. Browder and H. D. Hoss attended the School Fair at Fordsville last Saturday, which included the school of Educational Division No. 2. They reported about 1,500 to 2,000 in attendance. A representative of the Kentucky Hill-crest Commission and likewise Prof. A. C. Benton, of the State Normal, were in attendance and delivered interesting addresses. All in all it was a great day for Fordsville and community.

Edgar Austin and Charlie Burton, two young men well known about Hartford, were arrested here Friday by Deputy Sheriff S. A. Bratcher on a charge of disturbing religious worship at Red Hill church, this county. There is a warrant out for another boy who has not yet been captured. The examining trial of Austin and Burton is set for to-morrow, before Judge Wilson. In the meantime they are boarding with Jailer Minkoff. It is said there has been a lot of outrageous disturbance at the above named church, where traveling evangelists are holding a meeting.

Messrs. Harlan Tichenor, North Hartford; W. A. Plummer and Edward Nelson, McHenry; T. B. Bell, Pleasant Ridge; J. B. French, Hartford; Route 6; C. D. Taul, Dundee; I. C. Porter and J. M. Sholders, Hartford; Route 4; Mrs. Hugh Harris, Miss Fannie Harris, S. R. Bennett and Simpson Johnson, Hartford; Route 3; E. B. Himes, West Hartford; J. C. Brown and W. Q. Parks, Beaver Dam, Route 3; Dr. D. H. Godsey, Sulphur Springs; F. W. Clark, Rosine; Robert Lee, Olanton, Route 3; E. T. Allen, Cavallo, and J. F. Awtry, Rosine, were among The Herald's callers during the past week.

### FARMERS' INSTITUTE NOVEMBER 5TH AND 6TH

The annual County Farmers' Institute for Ohio county will be held at Hartford, Ky., Friday and Saturday, November 5th and 6th, 1915. The General Assembly of Kentucky has made provisions for holding these institutes free of cost to the farmers of Kentucky.

The State Department of Agriculture will furnish three State Lectures on farm topics and a lady lecturer upon household affairs. E. C. Martindale, Wilkinson, Ind.; D. M. Kiley, West Hartford, Conn., and Miss Margaret Renick, Charlton, Ia. There will also be the following local speakers: W. W. Browder, Henry Leach, W. H. Rhoads, W. H. Travis, E. G. Austin, H. W. Taylor, Watt Taylor, J. Ellis Mitchell, Arch Jones, S. F. Whitely.

Both men and women are cordially invited and urged to attend. Farm life in all its phases will be discussed. If you want to grow better crops in a more economical way study your own interests and help develop the State. Come and bring your neighbors.

This meeting is held under the direction of the State Board of Agriculture of Kentucky. Attend and help make the agricultural interests a greater factor in the development of the State.

J. W. NEWMAN,  
Comm. of Agriculture.

#### FOR SALE

Strawberry plants, live varieties—Senator-Dunlop, Warfield, Klondike, Aroma and Electric. All new grown plants. For 100, 35c; for 300, \$1. S. W. TICHENOR, 4214 Centertown, Ky., R. 1.

#### HOOPER Wins Medal

Sergt. Marvyn Hooper, of H Company, Third Regiment, Hartford was winner of the gold medal offered by Gen. Roger Williams for the Kentucky guardsmen making the best record at the national rifle matches, Jacksonville, Fla.

#### HULL DROPS DEAD IN ACT OF KILLING A MAN

Henderson, Ky., Nov. 1.—By act of Providence, Clay Cooper, cattle buyer, of Smith's Mills, was saved from death late Saturday afternoon, when he was attacked by a large bull being driven in a herd to a slaughter-house. The animal became

unruly and jumped over a fence along the roadside. Cooper went after it and was attacked. He was painfully gored in the abdomen and while lying prostrate on the ground the animal backed off a few feet to attack him again, when it fell dead.

#### WORDS OF APPRECIATION BY THE HARTFORD BAR

At a meeting of the Hartford bar, with Col. H. P. Taylor, chairman, and W. H. Barnes, secretary, the following resolutions were adopted and approved by the bar, viz.:

Be it resolved by the members of the Hartford bar,

First, That we tender to the Honorable J. W. Henson our sincere thanks for the able, courteous and conscientious manner in which he has conducted the business of the last week of the October term of the Ohio Circuit Court at Hartford, Ky.

Judge Henson has impressed us with his learning and fairness as a jurist; the dignity of his conduct and demeanor while on the bench and the quiet ease with which he has conducted the trials of cases in court; the excellent order which he maintains in the court room and kindly and firm manner of his dealing with all the officers of the court and members of the bar.

He will carry with him the kindest feeling and best wishes of the bar for his happiness and success in the future, and his stay with us will be always a source of pleasant recollections.

That these resolutions be spread on the Order Book of the Court and a copy furnished Judge Henson and the county papers.

J. S. GLENN,  
J. P. SANDERFUR,  
ERNEST WOODWARD.

#### NEGRO KILLS HIS WIFE OVER DOMESTIC TROUBLE

Henry Howell, a negro, who and killed his wife Eva Howell, at Taylor Mines, last Sunday afternoon. Howell and his wife had been separated about six months. We are informed that they formerly lived at Whitesville.

After they separated his wife came to Taylor Mines, where her mother lives. Henry, it is said, went to Tennessee and remained there until a few days ago, when he came back to try to persuade his wife to live with him. Eva Howell, who worked as a domestic at Beaver Dam, went over to visit her mother, Delele Miller, Sunday and her husband went to see her. It is said he again insisted that she go and live with him. She refused and started back to Beaver Dam. He followed and just before reaching the yard gate he shot at her. She then ran back into the house, he following, insisting that she go and live with him. She again refused and some words were passed and he leveled his revolver and shot her down. He made his escape and has not as yet been apprehended.

Coroner Dr. A. B. Riley was called and held an inquest over the body.

#### Cash Sale—For Friday and Saturday, November 5 and 6.

Produce Merchants.

#### Four Killed By Train

Jackson, Ky., Oct. 31.—Mason Pugh, A. C. Vaughn, Emily Lunce and Colla Taster were killed here tonight by an L. and N. train. The four were walking on the railroad track.

Herman Ridder, former treasurer of the Democratic National Committee and owner and editor of the New York Staats Zeitung, died suddenly in New York Monday in his sixty-fifth year.

#### CIRCUIT COURT NOTES

C. R. Wade, et al., vs. Ida Belle Evans, et al.—verdict of jury sustaining the will of Mary J. Hardin, dated August 10, 1912. An appeal to the Court of Appeals was asked and granted.

James Torrence vs. J. P. Taylor—verdict of jury \$25 for plaintiff.

Board of Trustees Hartford Graded Common School District No. 1, et al., vs. Ohio County Board of Education—bill of exceptions and statement of evidence filed and approved.

#### DEATH OF MR. BEN F. GRAY AT BEAVER DAM

Ben F. Gray was born near Nicholasville, Jessamine county, January 23, 1844. He was the second son of William Gray and Elizabeth Newman Gray. His only brother, Presley Gray, died in young manhood. He lived a short time in Carroll county and enlisted there in the Confederate service, at the age of 18.

He joined 4th Ky. Cavalry under Gens. Wheeler and John M. Morgan and served more than two years. He was captured at Cynthia, June, 1864, and was taken to Camp Morton, Indianapolis, remaining there eleven months, until he was honorably discharged at the close of the war. Soon after leaving the service he removed with his parents to Ohio county and lived near Crosswell, Ky.

Always in delicate health he went West to Texas in 1877, hoping to be benefited. After remaining there a few years he returned to Kentucky to care for his parents then in feeble health. He came to Beaver Dam in 1885 and for many years was actively engaged in the live stock business. There was not a man better known in business circles in the entire county. He was twice married, first to Miss Nettie Taylor, who died in Texas, leaving a baby girl, now Mrs. H. E. Brown, of Hartford. In 1889 he married Miss Ella Hudson, of Nashville, Tenn. Three children are of this union—Frank H. Gray, of Mississippi; Presley Gray and Ruth Gray, in the home.

He had been in declining health for many years, an invalid for seven years. He displayed beautiful patience in his suffering and was fully reconciled to pass on, relying on the promises held out to faithful Christians. He died at 6 o'clock on the evening of Oct. 29, 1915.

#### New Star Theater

The Star Theater will give a show on Tuesday, Friday and Saturday nights of each week. Will open the doors at 7:30 and the show will begin promptly at 7:45 o'clock each evening.

You cannot afford to miss these shows, as we have one of the best and most up-to-date machines made. We also have the best screen on the market and it will not hurt your eyes to look at these pictures. We likewise have one of the best and most modernly equipped show houses outside of Louisville. We have spared neither time or money in equipping a real show house for the people of Hartford and vicinity. Your patronage will be appreciated.

E. G. BARRASS,  
Mgr. Star Theater.

#### DANGEROUSLY WOUNDED BY AN UNKNOWN PARTY

Will Tate, better known as "Teddy," of Beaver Dam, was struck and dangerously wounded with a rock or brick while driving down the hill just beyond the Phipps residence on the Leitchfield road last Sunday night about 8 o'clock.

From the best information obtainable he and another party were passing through Hayti and had stopped at Hazel Lawrence's "shack" and after starting home, and at the point above mentioned, a brick or rock was thrown by some unknown party, striking Tate in the back of the head. He was brought back to Dr. Riley's residence. After first aid treatment he was taken home where he remained until Monday afternoon when, on the advice of his physician he was taken to Louisville to a specialist to have an operation performed.

#### Mrs. Mariam A. Likens Dead

Mrs. Mariam A. Likens, widow of the late J. H. Likens, died at the residence of Mr. Frank Black, near Hartford, Oct. 26th.

After funeral services conducted by Rev. R. L. Creal, at Bethel church, on the 27th ult., her remains were interred in the Bethel church burying grounds by the side of her husband, who preceded her about four years.

The deceased, who was 75 years and 5 months old, had been a consistent member of the Baptist church for over fifty years. Mrs. Likens was a Miss York before her marriage to Mr. J. H. Likens in 1859.

To this union were born ten children, four of whom survive, namely: Mr. M. T. Likens, Hartford; Hon. G.

H. Likens, Assistant State Auditor, Frankfort, Ky.; Mrs. Bernard Walker, Rome, Ky.; Mrs. Frank Black, Hartford, Route 2, and Frank D. Likens, a grandson whom she had raised, in father, Mr. D. W. Likens, and mother having died when he was a small boy. Naturally she was very near attached to him.

The large attendance at the funeral attested the high esteem in which Mrs. Likens was held. The children were all at the bedside when her soul took its leave for eternal rest.

The Herald joins the numerous friends of the family in condolence in this their deepest sorrow—loss of a mother.

#### VERY DISASTROUS FIRE AT WILLIAMS MINES

The Williams Mines store and the residence occupied by Mr. Guy Stutler, nearby, were both destroyed by fire about 2:30 o'clock last Sunday morning. The fire, which started in the store, had gained such headway when discovered that it was impossible to save it or any of the contents. A good portion of the household goods of Mr. Stutler were saved, but badly damaged.

The loss on the stock was about \$15,000, with \$9,000 insurance. Loss on building about \$3,500, practically covered by insurance. Loss on dwelling about \$2,500 with \$1,200 insurance. The origin of the fire is unknown. As there had been no fire in the building Saturday it was first thought that the store had been burglarized, but when one of the safes was found open and the silver money intact, this idea was practically abandoned.

Mr. Stutler, manager of the store, was absent, having gone with his family to Bowling Green, Ky., Saturday.

#### RESOLUTIONS ON DEATH OF JUDGE J. P. MILLER

The members of the Ohio County Bar and officers of the Circuit, County and Quarterly Courts, in a cab meeting, do resolve that we sincerely regret and deplore the death of Judge James Pendleton Miller, our associate, who served the people of this county faithfully for eight years as County Judge, from 1898 to 1906, and, who during all of said time dealt with absolute justice to litigants and all others having business in his courts, and treated the members of this bar and the officers of these courts with the greatest respect and courtesy. In his death his children have lost a kind and indulgent father, the community an honorable, upright christian gentleman, and we have lost a faithful and beloved friend.

Resolved, That a copy of these resolutions be spread upon the minutes of the County Court, a copy be furnished to each of the county papers for publication, and a copy to the family.

November 1, 1915.

C. M. CROWE,  
ERNEST WOODWARD,  
G. D. LIKENS.

### "GOV." BOB TAYLOR IN LANGUAGE BEAUTIFUL

Describes the Dawning and the Fading Away of a Sun-lit Day.

"I saw the morning with purple quiver and burnished brow, stand tip-toe on the horizon, and shoot sunbeams at the vanishing darkness of night, then reach up and gather the stars and hide them in her bosom, and then bend down and tickle the slumbering world with straws of light till it awoke with laughter and with song. A thousand little calls from the rosy fires of the east heralded her coming; a thousand smiling meadows kissed her garments as she passed, and 10,000 laughing gardens unfurled their flower flags to greet her. The heart of the deep forest throbbled a tribute of bird-song, and the bright waters rippled a melody of welcome. Young life and love, radiant with hope and sparkling with red drops of exultant joy, came hand in hand, tripping and dancing in her shining train, and I wished that the heaven of the morning might last forever.

"I saw the evening hang her silver crescent on the sky and rival the splendor of the dawn with the glory of the twilight. I saw her wrap the shadows around her, and wear a halo on her lips, rock the weary world to rest, then I saw her, with her dipper full of dew drops and her basket full of dreams, slip back to the horizon of the morning and steal the stars again. The gardens furled their flags of flowers and the meadows fell asleep; the song of the forest fell into silence, and the melancholy waters whispered a pensive good-night to the drowsy birds and sleepy hollows. Life and love, with the halo of parting day upon their brows and the starlight tangled in their hair, walked arm-in-arm among the gathering shadows and wove all the sweet memories of the morning into their happy evening that it might never end.

"Thus life stands up from the dust, we wake to think and sleep to dream. We love, and laugh, and weep, and sing and sigh, until death steals us back to dust again."

#### It Wasn't Their Fault.

Alexander Greentree Jackson, a pillar of the colored church, was entertaining at dinner the pastor and some of the prominent members. After grace, Alexander began to carve the chicken, and the pastor waxed facetious.

"Bradder J. A.," he asked, "do de white folks around you keep chickens?"

Alexander pried loose the second wing. "No, s'be," he responded, "they does not; but dey nuttily tries hard enuff to."

#### A Fine Whooping Cough Remedy.

Mother, Dr. Hall's Pine-Tar-Honey is just the remedy for your children's cold ailments. The fact is that pine is a quick enemy of cold conditions. Its qualities loosen the mucus in the throat, soothe the lungs and open up the air passages. The combination of honey, soothing and pleasant, with the loosening pine quality makes this an ideal cough remedy for children. Each passing year brings for us new friends. A family of growing children cannot afford to be without it. 25c a bottle.

#### ARRANGES A SCALE OF PRICES TO FIT CASES

The editor of an Eastern paper has grown peevish. He has been pestered so much by people desiring free puffs that he facetiously refers to himself as the "Peerless Prince of Puff Purveyors." He thinks he has done enough for social queens, people who have legislative fads they wish to push and organizations which want free publicity. So he has evolved the following scale of prices for puffs:

For telling the public that a man is a successful citizen, when everybody knows he is as lazy as a hired man, \$2.75.

Referring to a deceased citizen as one who is mourned by the entire community, when he will only be missed by the poker circle, \$10.13.

Referring to one as a hero and a man of courage and one who will stand by his honest convictions, when everybody knows that he is a moral coward and would sell out for thirty cents, \$6.21.

Referring to some gallivanting female as an estimable lady whom it

is a pleasure to meet and know, when every man in town would sooner see Satan coming, \$8.10.

Calling an ordinary pulpit orator an eminent divine, 60 cents.

Sending a doughty slinger to heaven, \$5.

Referring to a deceased merchant who never advertised in his life as a progressive citizen, \$4.99.

Lambasting the daylight out of the demon rum at the request of the local prohibition committee, \$6.77.

Bitte for the prohibitionists at the request of the local wet committee, \$6.77.

#### IF YOU WOULD LIVE TO BE ONE HUNDREN

Your chance of becoming a centenarian is up to you. Begin by applying common sense to your method of living.

1. But one-third less than your neighbor does, setting more vegetables and cereals and less meat on the table.

2. Drink water in copious drafts, but not drinking coffee and if you use tea, drink it moderately.

3. Smoke if you've acquired the taste for tobacco, but moderately or you'll never reach 100 on an excess diet of nicotine.

4. Exercise every chance you get, no matter in what form.

5. Marry when the impulse tells you you have found your mate. Old age has little comfort without children.

6. If you are ill, consult only a reputable physician. Many a man's chances for 100 have been ruined by unskilled treatment.

7. Go to bed and get up when you feel like it. Early to bed and early to rise wasn't meant for everybody.

8. Have a hobby that will keep your mind active for all time and you won't have time to grow old.

9. Don't worry. Cultivate a repose, for mental irritations make for an early grave.

#### How To Prevent Croup.

It may be a surprise to you to learn that in many cases croup can be prevented. Mrs. H. M. Johns, Elida, Ohio, relates her experience as follows: "My little boy is subject to croup. During the past winter I kept a bottle of Chamberlain's Cough Remedy in the house, and when he began having that croupy cough I would give him one or two doses of it and it would break the attack. I like it better for children than any other cough medicine because children take it willingly, and it is safe and reliable." Obtainable everywhere.

#### Huge Pencil Output.

The world's production of lead pencils, according to a recent article by H. E. Sackett, of the forest service, probably amounts to nearly 2,000,000,000 a year, half of which are made from American-grown cedar. The United States makes about 750,000,000 a year, or more than 1/3 of the pencils for each of its inhabitants. Owing to the scarcity of red cedar, the fact that many other trees now used appear to be more valuable substitutes for that wood in pencil-making, the forest service has carried out a series of tests which show that next to the two species mentioned used for this purpose, the best trees for pencils are in order of merit, Rocky Mountain red cedar, big tree (Sequoia), giant arborvitae, redwood, and alberta poplar.

Run a sore throat with Ballard's Snow Liniment. One or two applications will cure it completely. Price 25c a bottle and \$1.00 per bottle. Sold by W. W. Mitchell, Beaver Dam.

#### An Anxious Day.

A country weekly asked: "We wish a epitaph for Mr. Orlando Overlook. In our paper last week we had as a heading, Mrs. Overlook's big feet." The word we ought to have used is a French word pronounced the same way, but spelled fete. It means a celebration and is considered a very tony word."

#### Knowledge Gained.

"Well Freddie," said his mother, "did you learn anything new at school to-day?"

"Yes," said Freddie.

"What did you learn now?"

"I got on to a new way of getting out of school for an hour by snuffing red ink up my nose."

The Methodist Church has increased during the past ten years in Indiana from 68,000 to 164,000, or 141 per cent.

#### How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

NATIONAL BANK OF COMMERCE, Toledo, O. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 50 cents per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

## "KENTUCKY HOSPITALITY"

All Delegates to Lexington Convention Will Be Entertained by Local Suffragists.

The suffragists of the Fayette Equal Rights Association desire to entertain all delegates to the annual convention of the Kentucky Equal Rights Association in Lexington Nov. 8-10. Mrs. E. W. Clark, 295 S. Ashland avenue, Lexington, Ky., is chairman of the Hospitality Committee, and it is requested that all persons who expect to attend the Lexington convention as delegates send their names and addresses at once to Mrs. Clark, that she may arrange for their entertainment. Headquarters of the convention will be at the Phoenix Hotel and all business and night sessions of the convention will be held there, except that of the opening night, when Mrs. Snowden speaks at the Lexington Opera House.

A banquet will be given in the hall room of the Phoenix Tuesday evening, for which tickets may be secured in advance, price \$1.00, from Mrs. J. H. Judah, 2115 Murray avenue, Louisville, Ky. Mrs. Clarence Lebus, of Lexington, is the local chairman in charge of banquet arrangements.

MRS. DESHA BRECKINRIDGE, Of Lexington, President of the K. E. R. A., ends her three-year term of office as President at the annual meeting to be held in Lexington, Nov. 8-10, and her successor will be chosen. The membership of the K. E. R. A. has gone up since November, 1912, when Mrs. Breckinridge came into office, from 1,779 members to over 15,000, an increase typical of the rapid advance of suffrage sentiment everywhere in the last few years.

MADAME ROSIKA SCHWIMMER, of Buda Pest, Hungary, will deliver her wonderful address on Peace at the suffrage convention in Lexington, Tuesday, November 9. Madame Schwimmer came to this country in 1914 as the representative of the women's organizations of many countries to plead for concerted intervention of the national nations for cessation of hostilities in Europe. None who heard her fiery eloquence, her impassioned pleading, her description of what she said was not war but "the destruction of Europe and of civilization" can soon forget it. After the International Congress of Women at The Hague Madame Schwimmer was one of the delegation of three women, of whom Madame Addams is the one best known to Americans, to walk up and down the miles of six European countries.

MRS. SAMUEL HENNING, Of Louisville, Auditor of the K. E. R. A., was Miss Julia Duke, daughter of General Ball Duke, himself a believer in woman suffrage, as are many of the Confederate veterans of Kentucky, and a niece of that other beloved Confederate leader, John Morgan. Mrs. Henning has recently concluded a term as President of the Louisville Woman Suffrage Association.

Ministers Endorse Suffrage. The ministers of the Northern Methodist Church of Kentucky adopted in September strong resolutions endorsing woman suffrage. At the state convention of the Christian Church even more ringing and specific resolutions were adopted. With the moral forces of the state lining up in active support of the woman suffrage cause, the question will soon become a "par-mont-issue" in Kentucky. The Kentucky Federation of Labor stands always for suffrage. The Kentucky Federation of Women's Clubs, numbering 1,006 women, has repeatedly endorsed woman suffrage.

MRS. T. J. SMITH, Of Frankfort, is the state member for the K. E. R. A. of the Executive Committee of the National Woman Suffrage Association. She is the niece of Miss Laura Clay. The life-long interest of her mother and her aunts in the suffrage cause has been inherited by Mrs. Smith. As former President of the Federation of Women's Clubs and as the wife of the State Bank Examiner, Mrs. Smith has come into contact with and made friends of persons in every part of Kentucky.

#### SPECIAL BARGAIN OFFER FOR SUFFRAGISTS.

If you want the news of the suffrage movement from all over the world and in every state of the Union, you should subscribe for the *Woman's Journal*, published in Boston, edited by Miss Alice Stone Blackwell. It is a weekly paper, good print and good paper. Price \$1.00 a year, six months 50c, four months 35c. Under special offer, prevailing till Jan. 1, 1916, 50c of every dollar subscribed in Kentucky goes to the local suffrage work. Send in your name and subscription to the Kentucky Equal Rights Association, 754 McClelland Building, Lexington, Ky.

## PRISON FARM SHOWS PROFIT

Experiment of Board of Prison Commissioners Solves Problem

MEANS SAVING TO TAXPAYERS

Interesting Statement Issued by Warden A. J. G. Wells, of the Kentucky State Reformatory—State Farm Shows Profit of \$4,826.81 During Fourteen Months.

Frankfort, Ky., (Special).—The experiment of employing the prisoners of the state on the State Farm seems to be a decided success. After a thorough trial of the plan of the Board of Prison Commissioners and Warden Wells, there is a net profit to the state of \$4,826.81 in fourteen months.

At the request of H. C. Terrell, Commissioner of Roads, A. J. G. Wells, Warden of the Kentucky State Reformatory, has prepared a statement covering the period the plan has been in operation. Warden Wells covers his two years' experience with a limited number of prisoners on the State Farm. Mr. Wells said in part:

"The Legislature of 1914 authorized by law the lease of a farm, with an option of purchase at the end of the lease. In accordance therewith, the Board of Prison Commissioners, on recommendation of myself, as Warden, and with the approval of the Stinking Fund Commissioners, of which the Governor is a member, leased the Martin farm, consisting of 162 acres, about 1 1/2 miles from the prison, and in the bend of the Kentucky river, just opposite the new capitol, for an annual rental of \$3,000 per year. The Legislature adjourned on March 19, 1915, negotiations were carried on with several landowners and a contract concluded, and prisoners were put to work on the farm April 19, 1914. This, of course, was too late to get the best results the first year. This late start, which was unavoidable, and the severe drought which followed, made it a trying test for the first year, but in spite of both of these serious handicaps, even this year made a most satisfactory showing.

"A summary of expenditures and receipts of the farm, from April, 1914, to July 1, 1915, shows a net gain on July 1, 1915, of \$4,826.81, after charging the farm with all labor at the same average price paid inside the prison. Moreover, this net gain does not take into account many crops that had not developed sufficiently for accurate invoice on said date. These crops are as follows: 10 acres of tobacco, 25 acres of late Irish potatoes, 1 acre of sweet potatoes, 8 acres sugar cane, 7 acres turnips, 2 1/2 acres cabbage, 15 acres beans, 5 acres greens, 1/2 acre cucumbers, 1 acre carrots, 6 acres melons.

"The season since July 1 has continued good, and the products above named have added very materially to the balance above stated. We have since July 1, put up for use in the prison 12,000 gallon cases of beans, tomatoes, corn and apples. All the cattle and hogs are slaughtered at the farm and sold to the prison at less price than the packing houses furnish other state institutions similarly situated. The meats, vegetables and other products are served fresh, and are also gathered more wholesome and palatable than from the packers' cold storage. The better health of the prison population resulting is within itself a large asset.

"The farm, on account of its proximity to the prison and its splendid isolation, is ideally located. There are on the farm inexhaustible ledges of limestone, and within a few feet of a railroad and the Kentucky river. A rock crusher of sufficient capacity at this point, operated by prison labor, could easily supply a large demand for road material throughout the state.

"The railroad and river facilities for shipment should insure reasonable transportation rates. In my opinion, there is no place in the market which furnishes so many attractive features as this one for farming on a small scale, and for the production and transportation of road material, by the use of prison labor.

"It might be interesting in this connection to state that out of 179 prisoners sent to the farm at different times, only 4 have escaped, and 2 of them returned. These prisoners remain at the farm at night, and while they are under the direction and guard of Capt. J. P. Schnorbus, they have, necessarily, many opportunities to escape, if they were so inclined. I do not mean by this statement, however, to indicate that prisoners, indiscriminately, can be trusted on the outside. We have attempted, as far as surrounding circumstances would permit, to exercise good judgment in their selection for this work. My estimate is that possibly 25 per cent of the prison population could be worked on the outside in farming and the production of road material, with reasonable safety, under proper, careful and humane direction. A great deal will depend upon the plan adopted and selection of the agent, or agents, who shall execute the plan.

"If such a venture is to be made by the state, a bill should be carefully drawn, after mature consultation with those who have had actual and successful experience in the handling of prisoners, and before the meeting of the Legislature. No half-baked, hastily-considered legislation should be passed in this connection."

# AN INDIAN HISTORY OF MOORE'S NATURE COMPOUND

## Guaranteed Purely Vegetable

### The Great Liver, Kidney and Stomach Remedy

This remedy was first discovered by the Cherokee Indians in the year 1810. In those days they gathered the herbs and boiled them together, but in later years it has fallen into the hands of the white race and is now being distilled and compounded. This remedy is positively guaranteed to cure all blood and stomach troubles, such as Dyspepsia, Indigestion, Liver Complaint, Kidney and Bladder Trouble, Loss of Appetite, Impure Blood, Ulcers, Boils, Syphilitic Trenches, Leucorrhoea, Rheumatism, Catarrh of the Head, Female Troubles, General Weakness and in fact any disease arising from impure blood. Acting directly upon the Liver and Kidneys, removing the cause, it cures Sick and Sour Stomach, Swelling in the Head, Headache, or Water-Breath, Biliousness, Constipation and all forms of Stomach Trouble.

### Moore's Celebrated Liniment for Man or Beast.

This is an external preparation for aches and pains of all kinds among man and beast. It cures headache, toothache, neuralgia or acute rheumatism. It does not cure muscular or inflammatory rheumatism, because they are blood diseases and cannot be cured by rubbing. They are cured by purifying the blood, which is done by taking Moore's Nature Compound or Moore's Indian Herbs, but this Liniment will relieve the pain and reduce the swelling of any case of rheumatism, stiffness of joints, burns, bruises, scalds from water or steam, sore throat, pains in the chest, sprains or weak back. This will cure stiff, strained, or weak back, but it does not cure all cases of backache, for nine cases out of ten when your back aches your kidneys are out of order; then you need Moore's Nature Compound or Moore's Indian Herbs, guaranteed to cure kidney and bladder trouble. Moore's Liniment cures stings of insects and bites of reptiles. For curable or partial deafness it has no equal. For diseases among horses it cures swelling, ringbone, fistula, big leg, gout, scratches, spavin, knots, or in fact any external disease. This Liniment costs 25c per bottle. Don't forget the name, Moore's Celebrated Liniment.

My dear readers, don't come to the conclusion because you have been treated by several doctors and tried several different kinds of medicine that there is no cure for you, for if Moore's Nature Compound or Moore's Indian Herbs don't cure you we will refund your money. If you think you cannot be cured you are an infidel, because Moore's Nature Compound or Moore's Indian Herbs is God's medicine. Why do I say so? Because the Bible tells me so. If you doubt my word get your Bible and turn to the 22d chapter of Revelations and you will find in the 1st and 2d verses the readings of God's words, as follows: "And he showed me a pure river of water of life, clear as crystal, proceeding out of the Throne of God, and of the Lamb; in the midst of the street of it and on either side of the river, was there the tree of life, bearing twelve manners of fruits, and yielding her fruit every month, and the leaves of the tree were for the healing of the nations." That goes to show that leaves, barks, seeds, berries and blossoms were the medicines intended from the foundation of the world. If God had intended us to use chemicals he would have put them on top of the earth where we could get them conveniently. Don't forget the name, Moore's Nature Compound or Moore's Indian Herbs, prepared only by the Indian Herb Medicine Co., Dr. W. Z. Moore, Sole Proprietor, Paducah, Ky. Price \$1.00. Trade Mark "W. Z. M." Sold and guaranteed by James H. Williams, Hartford, Ky.

The above remedies are manufactured by Dr. W. Z. Moore, the man that pulls teeth with his fingers. Dr. Moore has been visiting Hartford for years.

## COL. COYNE TALKS OF OWN CONDITION

Prominent Louisville Contractor Says He Was Improved by Tanlac.

Louisville, Ky., Nov. 1.—Col. Joseph Coyne, one of the best known general contractors in the South and builder of many miles of hard-surfaced streets and roads in and around Louisville, who resides at 438 South Fifth street, this city, has added his words of commendation to those of thousands of others. Praising Tanlac, he said:

"My kidneys have annoyed me for a number of years. I suffered great pain as a result. I also suffered periodically from rheumatism, the condition affecting various parts of my body. I walked with great difficulty and could not use my hands naturally. I suffered from a pain in the ball of my foot fully ten years. That pain has disappeared.

"My kidneys are greatly improved and my rheumatism has virtually disappeared. My strength has returned and my appetite and sleep have improved. I feel vigorous and healthy, and attribute the change to the use of Tanlac only. The medicine is all right. I recommend and commend it."

Tanlac, the premier preparation, is now on sale in Hartford at the Ohio County Drug Co.'s drug store, by Z. Wilbur Mitchell, Beaver Dam, by L. C. Morton & Son, Centertown. Advertisement.

Isn't It The Truth?  
One great trouble with the people of this country is that they know how to manage the business of their fellows. The old maid proffers her sister advice upon the business of her husband, and any old bachelor can give a father advice as to the

Both papers, one year for \$1.60. All clubbing subscriptions should be addressed to **Herald, Hartford, Ky.**

Irregular bowel movements lead to chronic constipation and a constipated habit fills the system with impurities. Herbine is a great bowel regulator. It purifies the system, vitalizes the blood and puts the digestive organs in fine vigorous condition. Price 50c. Sold by Z. Wilbur Mitchell, Beaver Dam. Advertisement.

They See Backward.  
Germany's secret police are supplied with "police" eyeglasses. These have tiny concave mirrors on the side next the face which may be extended sideways or folded back so as not to show, and give the wearer, if he has normal eyes, no image of what is going on directly behind him. (Chicago Journal.)

So many young people fall in love because they are just as foolish as older people.

## THE PRESENT WAR WILL NOT BE THE LAST WAR

Says Noted Professor—He Rests His Theory On the World's History.

Prof. George Brandes, of the University of Copenhagen, writes in a Berlin paper that the belief that this will be the last war is absolutely false. Wars will continue as long as the masses of the people are unable to think for themselves and willingly believe any lie that is told them by sly statesmen and politicians.

"In 1870," Prof. Brandes says, "all the newspapers of France said that they had at least the consolation of knowing that the war then raging would be the last."

"Since then the world has seen more than half a dozen bloody wars. This, the greatest, bloodiest and most criminal of all wars, broke out, and now we hear again everywhere that this war is bound to be the last."

"If this should come true it would be necessary for the human race next year to transform itself entirely. Its incredible stupidity would have to change into infinite common sense. Its savagery into tame and mutual benevolence."

"War brutalizes everybody and beneath the thin layer of the varnish of civilization, we then discover a savage who in almost everything has remained the same as during the stone age. Between wars men are fond of believing that the world has settled down at last and that war will henceforth be impossible. As we believe we must have optimism to be able to live our life, we have made optimism into the cardinal virtues which gives strength and courage."

"Men will never learn to look straight into the face of truth, and when war breaks out to spite of all optimistic denials of its probability or possibility, optimism cheers up the fighting parties with the declaration that this war will bound the empire of justice on earth, and that it will, therefore, surely be the last war."

Qualified As To Figures.  
"Are you good at figures?" asked the business man.  
"I ought to be," replied the woman who had applied for a position. "I used to be wardrobe mistress for a burlesque troupe." —[Judge.]

### A GRAPHIC STORY OF THEIR FIGHT FOR LIFE

Crew Of Doomed Submarine  
Strove Heroically To Save  
Themselves.

Washington, Oct. 30.—A graphic story of the battle for life waged in the sea by the twenty-one men who perished in the navy's submarine U-4, last March at Honolulu, is told in the final report on the loss of the vessel submitted by a Board of Inquiry headed by Rear Admiral Busch and made public yesterday. Examination of the wrecked hull after it had been hauled to the surface and laid in one dock revealed the fact that the disaster was caused by a leak resulting from a corroded battery lining and the failure of the boat through poor diving qualities to respond promptly to the rudder change which should have returned her to the surface.

Dismissing the theory once advanced that chlorine gas brought quick relief in death to the crew, the report from signs within the rusted and battered hull pieces on its report a dramatic account of how the doomed men strove desperately to save themselves as their vessel sank to the bottom. Fifteen met death in the engine room, where they sought refuge at the last; six died at their posts in the flooded forward compartment.

All members of the ship's company are absolved from blame in this tribute:

"From the facts established, we find that the accident resulting in disaster to the U. S. S. submarine U-4 on March 25, 1915, was not due to carelessness, negligence or inefficiency on the part of the officers or crew of the vessel and that, furthermore, the personnel remained at their respective stations until all effective means employed to avert the disaster impending had failed and thereafter sought refuge."

After a review of all the facts established in the investigation, the board states its conception of the disaster as follows:

"The primary cause of the disaster was the corroded condition of the lead lining of the battery tank and, in consequence, of certain rivets in the port wall of the forward battery compartment."

"The secondary causes were: (a) The poor diving qualities of the vessel and (b) the consequent failure of the vessel promptly to respond to commands taken to bring her to the surface."

#### HOPEWELL.

Nov. 1.—Miss Ethel Hunley, after a month's visit with her uncle, Mr. Henry Hunley, of White county, Ill., returned home last Saturday, accompanied by her aunt, Mrs. Henry Hunley, daughter Miss Lillian and Mrs. Alfred Bennett, who will visit their relatives and friends here.

Mr. Billy Johnson is not improved much yet. He has an osteopath doctor treating him.

Mrs. Lizzie Shull, of Central City, is spending a few days with relatives and friends here.

Mr. Nat Shultz, aged 92, and wife, aged 82, of Shultztown, Mr. J. Brown, 82, and his wife, 67, of Paradise; Mrs. Fannie Bennett, 79, of Hopewell; Mr. Luther Brown, 62, and wife, 57, of Hopewell, all took dinner with Mr. Charles Brown, their son and nephew, Thursday, the 21st. All had a pleasant day in remembrance of bygone days.

Mr. Ed Glenn, of Central City, spent a few days with Messrs. Parker and Elliott Hunley last week.

#### Going Of The Mayhews.

The Owensboro Messenger of Thursday says:

Mrs. Mark Mayhew and her two sons left Owensboro yesterday morning for New York City, where they will sail on Saturday for England. Mrs. Mayhew goes to join her husband, who is now serving as a Lieutenant-Colonel with the British forces. Before leaving Owensboro Mrs. Mayhew disposed of all of her household goods. Fearing that her

two dogs would not receive kind treatment if sold, Mrs. Mayhew had them chloroformed. She took her parrot with her. It will be of interest to the many friends of the Mayhews in Owensboro to know that Col. Mayhew's nephew, who was recently killed in battle in France, was the sole heir to \$400,000. Col. Mayhew is the only brother of the young man's mother, and at her death the estate will go to Col. Mayhew and his two sons.

#### ROCKPORT.

Oct. 30.—Robbers broke into Haden & McDaniel's store Tuesday night of this week, also into H. O. Leach's shop. They broke the money drawers down but found only a few pennies in each. Mr. Leach says he thinks they got about \$10 worth of goods out of his stock. Mr. Haden missed some cigars, but nothing else. It seems that money was what they wanted.

There is quite a change in conditions in this community within the last year. Crops are due and land is springing up on all sides. There seems to be work for all; no one need be idle. The values are running regularly. Farmers are busy taking care of the crops, which is being sown, some building and repairing going on in town, and things look brighter all around.

There has been an extra crew of men here for some time working on the Green river bridge. They have reinforced the bridge and draw so that the largest engines on the road may pass over it. Our local agent says they need to have all the engines they can get to do the business offered on the Louisville division of the I. C. R. R. He says there is more work on this division now than there has been since 1907.

Mr. Norwood Brown shipped two very fine hogs to the Evansville market this week, and there is scarcely a trip of the boats that does not take stock to the market.

The Frank Pehr Outing Club, of Louisville, Ky., spent this week at Rochester, fishing and hunting. They report a fine time and good luck.

Mrs. Mea Stillwell, of Louisville, is visiting her mother, Mrs. G. M. Hines.

The Christian Endeavor folks gave a Halloween entertainment at the Presbyterian church Friday evening. The church was suitably decorated and lighted with pumpkin globes cut in all sorts of fancy shapes. Cuts and witches held a prominent place in the scenery. The attendance was large and all seemed to enjoy the show immensely.

Miss Lydia Shultz, of Prentiss, visited her uncle and aunt, Mr. and Mrs. Ed Stum, this week.

Our school is progressing splendidly. Prof. Henry, assisted by Misses Shultz and Mason, are doing fine work with our youngsters.

Mrs. Lizzie Shull, of Central City, is visiting Mr. C. G. Taylor at Hopewell, this week.

Mr. E. V. Bennett, of Central City, has sold a part of the J. H. Shull farm to W. D. Shull. Consideration, \$200.

#### RALPH.

Oct. 30.—Mr. and Mrs. J. L. Patton, daughter Leathel, and son Willie visited Mr. Patton's mother, Mrs. Belinda Patton, of Adahurg, Sunday.

Several from here are attending the protracted meeting at Sugar Grove, conducted by Rev. Will Edge.

Mr. and Mrs. H. W. Ralph and children visited Mrs. Belinda Patton, of Adahurg, Saturday night. They also visited Mr. Clay Ford and family Sunday.

Miss Ida Harris and Master Wendell Ralph visited Miss Harris' parents at Sulphur Springs Saturday night and Sunday.

Mrs. Sarah F. Ralph, of Evansville, Ind., has returned home after a visit to friends and relatives here and at Adahurg.

Mr. H. W. Ralph entertained quite a number of his friends at dinner Friday, Oct. 29th at his home. It being his forty-fifth birthday. Those from out of the community who attended were his brother Mr. J. T. Ralph, and wife, of Adahurg.

Mr. J. C. Ralph and family are preparing to move to their new home at Sunnydale, Ky., which they purchased from Mr. Reat Clark. Mr. Chas. W. Moseley, of Owensboro, has bought Mr. Ralph's farm and will move onto it.

#### Jersey Cattle Sold.

Lexington, Ky., Oct. 30.—A total of 184 head of registered Jersey cattle were sold at Elmendorf farm today, the sale being the first of a series of sales by means of which the immense and magnificent herd of Jerseys collected by Mr. Haggis will be disposed of for a total of \$28,775, an average of \$156.50.

Breeders from all over the United States were present and bidding was keen and spirited and the sale was generally considered very satisfactory.

You must cultivate magnetism if you expect to get things coming your way.

## NINE BELGIANS ARE PUT TO DEATH BY GERMANS

For Espionage — Ten Others  
Were Sentenced To Penal  
Servitude.

London, Oct. 30.—Nine persons, who were convicted on October 26 of espionage in Belgium were executed yesterday, according to the Amsterdam correspondent of Reuters, who says this information was received in an official telegram from Berlin.

Ten other people, including three women, were sentenced to penal servitude, it is stated. The correspondent's dispatch follows:

"An official telegram from Berlin states that in the last few days two additional important espionage cases have been detected in Belgium and Northern France. In Belgium 21 persons have been arrested."

"It is alleged that after having confined their energies for some months to obtaining news by espionage and sending it to France by way of Holland, they became bolder in September, planning to dynamite railways and buildings, besides assisting persons of military age to escape from Belgium to France. Among those arrested are four women, the principal charge against them being that they were endangering the safety of the German army."

"The espionage system reported to have been discovered in France is alleged to have been managed by the wife of a French officer. It is charged that she received her instructions direct from the French military authorities. Two other women are also under arrest, and, according to Berlin, the extent to which the system of espionage is organized is indicated by the fact that the arrested persons figure prominently in the French Secret Service list."

The guilt of the accused, it is stated, already has been established.

Nine persons, the message adds, were tried for espionage in Belgium on October 26. All were found guilty and were sentenced to death. The sentence was executed yesterday. Ten others, including three women, were sentenced to penal servitude.

#### NOTICE TO TAX-PAYERS:

As required by the law, the taxpayers must meet the Sheriff at his appointments and pay their tax. After this round we are required to garnishee or levy unpaid poll tax.

One of my deputies will meet you at the following places indicated by the days and dates below:

Thursday, Nov. 4—Matanzas and Rosine.

Friday, Nov. 5—Smallhouse, morning; Ceniva, afternoon.

Saturday, Nov. 6—Cromwell and McHenry.

Monday, Nov. 8—Arnold.

Tuesday, Nov. 9—Select.

Wednesday, Nov. 11—Narrows.

Saturday, Nov. 13—Fordsville and Simmons.

Remember six per cent. penalty, interest and cost will be added December 1st. Please don't wait till last day.

S. O. KEDWEN,  
Sheriff Ohio Co.

RESOLUTIONS OF RESPECT.

Beacon Lodge No. 273, I. O. O. F., McHenry, Ky.

Whereas, it has pleased the Grand Architect of the universe in His infinite wisdom to call from earth to eternity our brother, Chas. Carnes, who has been one of us for many years. Aching hearts and loving hands consigned his body to its everlasting resting place. Now that he is no longer with us, be it

Resolved, First, that in the death of Bro. Carnes, Beacon Lodge loses a faithful member, his wife and children a loving husband and father and we, feeling the loss, join with them in sorrow at his untimely death.

Second, that we extend to his family and friends our heartfelt sympathy and remind them that our loss is his gain and that he has only passed to the reward of all faithful Odd Fellows.

Third, That a page be set aside in our records and these resolutions be placed thereon, a copy be sent to the family and a copy be sent to the county papers for publication.

A. J. WAKELAND,  
W. C. SMITH,  
SAM JAMES, JR.,  
Committee.

Custer's Scout Dies.

Springfield, Ill., Oct. 30.—Robert E. Pelham, the last of the scouts who served with General George A. Custer in his famous campaign against the Sioux Indians under Sitting Bull, and who was one of the company of soldiers who rode onto the battle field of the Little Big Horn two days after June 29, 1876, the day on which Custer and his

command were massacred, and found their bodies, died at his home in Jacksonville, Ill., this week. He was 67 years old. His wife found him dead in bed.

#### BEAVER DAM.

Nov. 1.—Mr. Ben F. Gray died last Friday at 6 p. m., of tuberculosis. He had been an invalid for several years. Two weeks ago he took a sinking spell from which he never rallied. He was born 71 years ago and reared in Jessamine county and at the age of 18 he enlisted in the A. 4th Ky. Confederate Cavalry, of John Morgan's command. He was with that command in most of the battles it was engaged in. It was the only Confederate command that ever waived their flag north of the Ohio river. At the battle of Cynthiana, with 100 other soldiers he was ordered to make a charge. There were only six who escaped being killed or captured. As Mr. Gray was coming out of the charge he was wounded and taken prisoner and remained in a northern prison till the war ended. He came home impaired in health. Soon after his return he moved with his father to Ohio county. He was twice married. His first marriage was to Miss Nettie Taylor. He moved to Texas, where his wife died, leaving him with a little girl. He returned to Kentucky and made his home in Beaver Dam. In 1889 he married Miss Ella Hudson, of Nashville. Three children were born to that union. He is survived by his wife and four children—Mrs. Hattie Brown, by his first wife, living in Hartford; Frank H. Gray, Miss, Presley and Ruth Gray, living at home. Mr. Gray was long a stock trader in this county and had very few enemies. After funeral services conducted at the home Sunday morning by Revs. Napier, of Hartford, and Frank, present pastor of the Methodist church of Beaver Dam, his remains were laid to rest in Sunnyside cemetery. The honorary pall-bearers were: John Chinn and W. H. Chapman, his old comrades, and John King and R. A. Anderson, ex-Union soldiers.

Last Monday Mr. Carvy Taylor and Miss Florence Tucker left for Rockport, Ind., where they were united in wedlock. They immediately returned to Mr. Jas. Taylor's, the home of the groom, where a nice supper awaited them.

Hon. Ben D. Ring and wife, of Owensboro, attended the funeral of Mr. Gray Sunday.

#### SMALLHOUSE.

Nov. 1.—Mrs. Harry Brown died at her home near here Thursday, Oct. 28th after an illness of several weeks. Funeral services were held at her home the day following, after which she was laid to rest in Equality cemetery beside her twin babies who were laid to rest in August.

Mrs. Tucker and daughter Miss Emma Tucker, mother and sister of Mrs. Brown, who were at her bedside during her last illness, returned to their home at Livermore Friday.

Miss Annie Badine died at the home of her brother, Mr. J. H. Hodine, near here, Thursday.

Mr. Tom White, Sr., is very ill at his home near here of brain fever and expected to die at any time.

Misses Ree Igleheart, Ruby Igleheart and Annie Bushill, of Maoriman, spent Saturday and Sunday with Mr. and Mrs. Q. B. Overhults.

Kronos is to have a produce market in the near future. Two men whose names are not known to your scribbles have rented the company storehouse and will buy all kinds of marketing and pay cash or merchandise to the customer, as desired.

Master Lee Godsey, who has been quite ill for some time, is able to be up but can not see to get about. The fever has perhaps settled in his eyes.

#### Splendid Meeting.

Beaver Dam, Ky., Oct. 29, 1915. Editors Hartford Herald:—I have just closed a very successful meeting with my church at Narrows, Ky. Nine additions by experience and baptism, two or three reclaimed, and the church greatly revived. The weather was ideal, order splendid. It was my privilege to baptize a candidate Wednesday night in Rough river. The moon was shining and lights on the bank made the scene a very impressive one. The pastor did his own preaching and the church was loyal to him. The Lord he praised.

#### Notice To Creditors.

All persons having claims against the estate of W. L. Ambrose, deceased, are notified to file same with me, at Hartford, properly proven, on or before December 1, 1915, or same will be barred. Those knowing themselves indebted to said estate will please call and settle.
